Proxy Statement for the 2016 Annual Meeting of Stockholders

General Information Regarding the Annual Meeting

This Proxy Statement, which was first mailed to stockholders on or about March 18, 2016 (the “Mailing Date”), is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board”) of Spirit AeroSystems Holdings, Inc. (the “Company”), to be voted at the Company’s 2016 Annual Meeting of Stockholders (the “Annual Meeting”), which will be held at 11:00 A.M. Eastern Time on Wednesday, April 20, 2016 in the Rockefeller Room at The St. Regis Atlanta, located at 88 West Paces Ferry Road, Atlanta, GA 30305, for the purposes set forth in the accompanying Notice of 2016 Annual Meeting of Stockholders.

Any stockholder signing and returning the enclosed proxy has the power to revoke it by (1) giving written notice of revocation of such proxy to the Company’s Corporate Secretary at the address set forth above, (2) completing, signing and submitting a new proxy card relating to the same shares and bearing a later date, or (3) attending the Annual Meeting and voting in person, although attendance at the meeting will not, by itself, revoke a proxy. The shares represented by the enclosed proxy will be voted as specified therein if said proxy is properly signed and received by the Company prior to the time of the Annual Meeting and is not properly revoked. The expense of this proxy solicitation will be borne by the Company. The Company’s principal executive offices are located at 3801 South Oliver, Wichita, KS 67210.

The Board has fixed the close of business on February 26, 2016 as the record date (the “Record Date”) for determining the holders of Common stock entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 132,849,736 shares of Class A Common stock outstanding, held of record by approximately 973 stockholders. Each outstanding share of Class A Common stock is entitled to one vote. On the Record Date, there were 121 shares of Class B Common stock outstanding, held of record by one stockholder. Each outstanding share of Class B Common stock is entitled to one vote. Each outstanding share of Class B Common stock is convertible into one share of Class A Common stock at the option of the holder.

Vote Required for Approval

The presence, in person or by proxy, of stockholders entitled to cast a majority of the votes which all stockholders are entitled to cast at the Annual Meeting is necessary to constitute a quorum for the transaction of business. The Company will count abstentions and “broker non-votes” only for the purpose of determining the presence or absence of a quorum. “Broker non-votes” occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker does not exercise discretion to vote those shares on a particular matter.

Under the rules of the New York Stock Exchange (“NYSE”), brokers may exercise discretion to vote shares as to which instructions are not given only with respect to certain “routine” matters. Under the NYSE rules, Proposal 2 (ratification of the selection of our independent registered public accounting firm) is considered to be a routine matter. As a result, a stockholder’s broker is permitted to vote the stockholder’s shares on Proposal 2 at its discretion without instructions from the stockholder.

Proposal 1 (election of the nine members of the Board) and Proposal 3 (approval of Fifth Amended and Restated Bylaws of the Company) are not considered to be routine matters. Accordingly, brokerage firms are not permitted to vote shares for which they have not received voting instructions on these proposals.

With respect to Proposal 1 (election of the nine members of the Board), a plurality of the votes cast in person or by proxy at the Annual Meeting and entitled to vote on the matter is necessary for election of each member. As a result, the nine nominees receiving the greatest number of votes will be elected. With respect to Proposal 1, a stockholder may vote

“FOR” all nominees, “WITHHOLD” its vote as to all nominees, or vote “FOR” all nominees except those specific nominees from whom the stockholder “WITHHOLDS” its vote. A properly executed proxy marked “WITHHOLD” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The Company’s stockholders do not have cumulative voting rights. Any shares not voted (whether by abstention, “broker non-vote” or otherwise) will have no impact on the election of the members of the Board.

Proposal 2 (ratification of the selection of the Company’s independent registered public accounting firm) and Proposal 3 (approval of Fifth Amended and Restated Bylaws of the Company) will be approved if stockholders entitled to cast a majority of the votes which all stockholders present, in person or by proxy, are entitled to vote on the matter, vote “FOR” the proposal. With respect to Proposals 2 and 3, a stockholder may vote “FOR,” “AGAINST” or “ABSTAIN.” Abstentions and “broker non-votes” will not be counted as votes “FOR” or “AGAINST” Proposals 2 and 3. However, because abstentions and “broker non-votes” will be counted as present at the Annual Meeting, they will have the effect of votes “AGAINST” Proposals 2 and 3.

Votes submitted by mail will be voted by the individuals named on the card (or the individuals properly authorized) in the manner indicated. If a stockholder submits a duly executed proxy and does not specify how shares should be voted, they will be voted in accordance with the Board’s recommendations. Stockholders who hold shares in more than one account must vote each proxy and/or voting instruction card received to ensure all shares owned are voted.

Votes cast by proxy or in person at the Annual Meeting will be received and tabulated by Computershare Shareowners Services, the Company’s transfer agent and the inspector of elections for the Annual Meeting.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements. This means only one copy of the Proxy Statement may have been sent to multiple stockholders in a stockholder’s household. The Company will promptly deliver a separate copy of the Proxy Statement to any stockholder who contacts the Company’s Investor Relations Department by writing to Spirit AeroSystems Holdings, Inc., Investor Relations, P.O. Box 780008, Wichita, KS 67278-0008, or by calling (316) 523-7040 or by sending an email request to investorrelations@spiritaero.com. If a stockholder is receiving multiple copies of the Proxy Statement at the stockholder’s household and would like to receive a single copy of the Proxy Statement for a stockholder’s household in the future, the stockholder should contact his or her broker, other nominee record holder, or the Company’s Investor Relations Department to request mailing of a single copy of the Proxy Statement.

Selected Performance Highlights

This summary highlights information relating to the Company's performance. This summary does not contain all of the information you should consider and you are encouraged to read the entire Proxy Statement carefully.

- (1) Represents the aggregate number of all shipsets delivered by the Company to its customers in the applicable periods. The Company typically sells its products as a package of aerostructure components, referred to as a shipset, to its customers.
- (2) Adjusted Free Cash Flow and Adjusted Diluted Earnings (Loss) Per Share are financial measures that are not required by, or presented in accordance with, generally accepted accounting principles in the United States ("GAAP"). **Please refer to Appendix A for an explanation of these measures and reconciliations to the most directly comparable GAAP financial measures.**

In 2015, the Company's stock had one-year total stockholder return of approximately 16%, increasing stockholder wealth by approximately \$965 million. The Company's total stockholder return was the highest among the total stockholder returns of a group of the Company's peers (see Proxy Peer Group Table, page 28). In addition, as of December 31, 2015, the Company's expected backlog associated with large commercial aircraft, business and regional jet, and military equipment deliveries through 2021, calculated based on contractual product prices and expected delivery volumes, was approximately \$47 billion, which represents record year-end backlog.

Corporate Governance and the Board of Directors

Corporate Governance Information

The Company's Corporate Governance Guidelines and the charters of the four standing committees of the Board describe the governance practices followed by the Company. The Corporate Governance Guidelines and committee charters are intended to ensure that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations; to make decisions that are independent of the Company's management; and to monitor adherence to the Company's standards and policies. The Corporate Governance Guidelines are also intended to align the interests of the Company's directors and management with those of the Company's stockholders. The Corporate Governance Guidelines establish the practices the Board follows with respect to the obligations of the Board and each director; Board composition and selection; Board meetings and involvement of senior management; chief executive officer performance evaluation and elected officer succession planning; Board committee composition, responsibilities and meetings; director compensation; director orientation and education; stockholders' advisory vote for say-on-pay; and director access to members of management, employees and independent advisors. The Board annually conducts a self-evaluation to identify opportunities to improve Board performance.

The Corporate Governance Guidelines and committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving oversight practices. The Corporate Governance Guidelines comply with corporate governance requirements contained in the listing standards of the NYSE and make enhancements to the Company's corporate governance policies.

In 2015, the Corporate Governance and Nominating Committee reviewed the Corporate Governance Guidelines and considered various corporate governance principles that merit consideration by the Board. As a result of its review, the Corporate Governance and Nominating Committee recommended certain improvements to the Corporate Governance Guidelines and amended the Corporate Governance Guidelines in July 2015.

Current copies of the Corporate Governance Guidelines and Code of Ethics and Business Conduct are available under the "Investor Relations" portion of the Company's website, www.spiritaero.com.

Director Independence

The NYSE corporate governance requirements require that a majority of the Board of Directors consist of independent directors. The NYSE rules also require that each of the Compensation Committee and Corporate Governance and Nominating Committee be composed solely of "independent directors," as defined under the rules of the NYSE.

In addition, the rules under the Securities Exchange Act of 1934 and the NYSE rules require that the Company's Audit Committee be composed exclusively of independent directors.

The Board annually examines and makes a determination of each director's and each nominee's independence based on criteria set forth in the NYSE rules. The Board considers all relevant circumstances when examining director independence. For directors employed by, or serving as directors of, companies with which the Company does business in the ordinary course, the Board examined the amount paid by the Company to those companies and by those companies to the Company. The Board also examined the directors' memberships on other public and private company boards, civic and not-for-profit boards, as well as any executive positions the directors may hold and any consulting and other services they may provide.

Based on this analysis, the Board has determined the following directors and nominees meet the standards of independence under the Company's Corporate Governance Guidelines and applicable NYSE listing standards, including that each such director and nominee is free of any relationship that would interfere with his or her individual exercise of independent judgment: Mr. Chadwell, Ms. Esteves, Mr. Fulchino, Mr. Gephardt, Mr. Johnson, Mr. Kadish, Mr. Kubasik, Mr. Plueger and Mr. Raborn. Independent directors currently comprise a majority of the Board, and will continue to comprise a majority following the Annual Meeting if all of the nominees for directors are elected. Following the Annual Meeting, if all of the nominees for directors are elected, the Company's Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee and Risk Committee will each be comprised solely of independent directors.

Certain Relationships and Related Person Transactions

Related person transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors, executive officers, beneficial holders of more than 5% of any class of the Company's Common stock or their respective immediate family members. The Board, as advised by the Corporate Governance and Nominating Committee, reviews such matters as they pertain to transactions with related persons as described by Item 404(a) of the SEC's Regulation S-K.

The Board determined the related person transactions disclosed herein are fair to, and in the best interests of, the Company.

The Board has adopted a written Related Person Transaction Policy that is communicated to the appropriate level of management and can be found under the "Investor Relations" portion of the Company's website, www.spiritaero.com. Under the policy, a related person transaction is any transaction or series of related transactions, including financial transactions or relationships (including any indebtedness or guarantee of indebtedness) and any transactions involving employment, consulting or similar relationships, in which the Company or any of its subsidiaries was, is, or will be a participant, where the amount involved exceeds \$120,000 and in which a Related Person (as defined in the policy) had, has or will have a direct or indirect "material interest" as determined by the Corporate Governance and Nominating Committee and/or the Company's General Counsel (or other members of the Company's legal department).

The Corporate Governance and Nominating Committee and the Company's General Counsel (or other members of the Company's legal department) are responsible for reviewing these transactions and may take into consideration, among other things, (1) the materiality of the transaction to either the Company or the Related Person; (2) the actual or perceived conflict of interest between the Company and the Related Person; (3) the impact on the transaction of applicable corporation and fiduciary duty laws and rules; (4) whether and to what extent the transaction is on terms and conditions that would be obtained on an arm's-length basis in a transaction with unrelated third persons; (5) whether any products or services provided by the Related Person or other aspects of the transaction that benefit the Company are of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources, or if there are other compelling business reasons for the Company to enter into the transaction; (6) disclosure considerations; (7) the potential impact of the transaction on the Company's relations with its customers, suppliers, stockholders and securities markets; (8) the Company's Corporate Governance Guidelines and Code of Ethics and Business Conduct; (9) the potential impact of the transaction on the objectivity of the Related Person; and (10) the fairness to and best interests of the Company and its stockholders.

After review of the relevant facts and circumstances, if the Corporate Governance and Nominating Committee concludes the related person transaction is fair to, and in the best interests of, the Company and its stockholders, it may approve or ratify the transaction. If the Corporate Governance and Nominating Committee declines to approve or ratify any related person transaction, the Company's General Counsel, in coordination with the affected business unit or corporate function, will review the transaction, determine whether it should be terminated or amended in a manner that is acceptable to the Corporate Governance and Nominating Committee, and advise the Corporate Governance and Nominating Committee of his or her recommendation. The Corporate Governance and Nominating Committee will then consider the recommendation at its next meeting. If the General Counsel does not ultimately recommend the transaction to the Corporate Governance and Nominating Committee, or if the Corporate Governance and Nominating Committee does not approve the transaction, the proposed transaction will not be pursued or, if the transaction has already been entered into, the Corporate Governance and Nominating Committee will determine an appropriate course of action with respect to the transaction.

Below are the transactions that occurred or have continued since the beginning of the fiscal year 2015, or any currently proposed transactions, in which, to the Company's knowledge, the Company was or is a party and the amount involved exceeded \$120,000, and in which any director, director nominee, executive officer, holder of more than 5% of any class of the Company's Common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Nomination of Directors

The Corporate Governance and Nominating Committee is responsible for identifying and evaluating qualified potential candidates to serve on the Board and recommending to the Board for its selection those nominees to stand for election as directors at the Company's Annual Meeting of Stockholders. While the Corporate Governance and Nominating Committee has established no minimum eligibility requirements for candidates to serve on the Board, in performing its duties, the Corporate Governance and Nominating Committee considers any criteria approved by the Board or that the Corporate Governance and Nominating Committee deems appropriate, including but not limited to the candidate's judgment, skill, education, diversity, age, relationships and experience with businesses and other organizations; whether the candidate meets the independence requirements of applicable legal and listing standards; the organization, structure, size and composition of the Board and the interplay of the candidate's experience with the experience of other Board members; the qualifications and areas of expertise needed to further enhance the deliberations of the Board; whether the candidate maintains a security clearance with the Department of Defense ("DoD"); and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Each potential candidate to serve on the Board must satisfy the requirements of the Company's certificate of incorporation and bylaws, conform to high standards of integrity and ethics, and have a commitment to act in the best interest of the Company and its stockholders.

The Corporate Governance and Nominating Committee will consider stockholder recommendations for candidates to the Board on the same basis that it considers all other candidates recommended to it. To recommend a director candidate to the Corporate Governance and Nominating Committee, a stockholder must provide the Company with a written notice that contains, to the extent known to the nominating stockholder, (1) the name, age, business address and residence address of the nominating stockholder and the person to be nominated; (2) the total number and class of all shares of capital stock and other securities of the Company that are owned beneficially and of record by the person to be nominated and by the nominating stockholder and, if such securities are not owned solely and directly by the nominating stockholder or the proposed nominee, the manner of beneficial ownership (beneficial ownership has the same meaning as provided in Regulation 13D under the Securities Exchange Act of 1934, as amended (the "Exchange Act")); (3) the principal occupation of the proposed nominee; (4) a representation that the nominating stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (5) a description of all arrangements or understandings between the nominating stockholder or any of its affiliates or associates, and any others acting in concert with any of the foregoing, each person to be nominated, and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by the nominating stockholder; (6) such other information regarding such nominating stockholder and each person to be nominated by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or been intended to be nominated, by the Board; and (7) the consent of the person to be nominated to serve as a director of the Company, if so

elected, to be named in the Company's proxy statement (whether or not nominated), and the consent of the nominating stockholder to be named in the Company's proxy statement (whether or not the Board chooses to nominate the recommended nominee). The Company may request any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the qualifications of the proposed nominee to serve as a director of the Company. If a stockholder wishes to formally nominate a candidate, he or she must follow the procedures described in the Company's bylaws.

All director candidate recommendations and formal nominations for membership to the Board for the 2017 Annual Meeting of Stockholders must be sent to the Company at the address set forth below and received by the date specified for stockholder proposals. See "Other Matters — Stockholders Proposals to Be Presented at the 2017 Annual Meeting of Stockholders" below. The Company's presiding officer at the Annual Meeting of Stockholders may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Experience, Qualifications, Attributes and Skills of the Members of the Board of Directors

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes there are certain attributes that every director should possess, as reflected in the Board's membership criteria. Accordingly, the Board and the Corporate Governance and Nominating Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Corporate Governance and Nominating Committee is responsible for developing and recommending criteria for director nominees to the Board for approval. As discussed above, while the Corporate Governance and Nominating Committee has established no minimum eligibility requirements for candidates to serve on the Board, in performing its duties, the Corporate Governance and Nominating Committee considers any criteria approved by the Board or that the Corporate Governance and Nominating Committee deems to be appropriate. All of the Company's Board members share certain qualifications and attributes consistent with the general criteria set forth in the Company's Corporate Governance Guidelines. For example, each of them possesses specific skills and experience aligned with the Company's strategic direction and operating challenges and that complement the overall composition of the Board. In addition, each Board member has demonstrated certain core business competencies, including high achievement and a record of success, financial literacy, a history of making good business decisions and exposure to best practices. All of the Company's Board members also possess interpersonal skills that maximize group dynamics, including respect for others, strong communication skills and confidence to ask thought-provoking questions. The Board members are enthusiastic about the Company and devote sufficient time to be fully engaged in their roles as Board members. Finally, all of the Company's non-employee directors satisfy the independence requirements of the NYSE and the SEC rules.

In addition, the Corporate Governance and Nominating Committee annually reviews the Board's requirements for Board members and the appropriate criteria for membership to the Board.

The Board also recognizes the Company is more effectively governed when a diversity of viewpoints, backgrounds, opinions, skills, expertise, experiences and industry knowledge are represented on the Board. Accordingly, in October 2011, the Corporate Governance and Nominating Committee adopted the Board of Directors Diversity Policy for considering diversity in identifying nominees for director. The Board of Directors Diversity Policy provides that, in nominating candidates for election to the Board at each Annual Meeting of Stockholders, the Corporate Governance and Nominating Committee and the Board shall select individuals who represent a diversity of viewpoint, professional experience, education, skill, expertise, industry knowledge and such other factors as the Corporate Governance and Nominating Committee and the Board believe would enhance the diversity of the Board and the effective governance of the Company. Accordingly, diversity of thought, experience, gender, race and ethnic background are considered in the director evaluation process. As discussed below under the heading "Proposal 1: Election of Directors — Information Regarding Nominees for Election as Directors," the Company's directors have experience with businesses that operate in industries in which the Company and its subsidiaries operate, including commercial aviation, aviation supply and maintenance, and defense industries, or that involve important skills necessary to advise the Company in strategic areas, including finance, general management, labor negotiations, governmental affairs and business strategy. The Corporate Governance and Nominating Committee has taken the specific experience, qualifications, attributes and skills of the individual Board members into account in concluding that each nominee should continue to serve on the Board.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

Communications with the Board

Stockholders and other interested persons may send communications to the Board, the chairman of the Board, individual members of the Board, members of any committee of the Board, or one or more non-employee directors by letter addressed to Investor Relations at Spirit AeroSystems Holdings, Inc., 3801 South Oliver, Wichita, KS 67210, or by contacting Investor Relations at (316) 523-7040. These communications will be received and reviewed by the Company's Investor Relations office. The receipt of concerns about the Company's accounting, internal controls, auditing matters or business practices will be reported to the Company's Audit Committee. The receipt of other concerns will be reported to the appropriate committee(s) of the Board. The Company's employees also can raise questions or concerns confidentially or anonymously using the Company's Ethics Hotline. This hotline provides the Company's employees, suppliers and other stakeholders with a mechanism for reporting unethical activities and/or financial irregularities to the Board anonymously. Such persons are able to file reports via a web-based process or a toll free telephone number. Data reported to the Ethics Hotline is reviewed quarterly with the Audit Committee and with the Company's independent registered public accounting firm to help ensure that the Company's ethics and compliance programs remain effective. The Ethics Hotline is operated by a third-party service provider and is available 24 hours a day, 7 days a week and 365 days a year. Receipt of communications clearly not appropriate for consideration by members of the Board, such as unsolicited advertisements, inquiries concerning the products and services of the Company and harassing communications, are not forwarded to members of the Board.

Board Leadership Structure

The Company separates the roles of chief executive officer of the Company and chairman of the Board in recognition of the differences between the two roles. The chief executive officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the chairman of the Board provides guidance to the chief executive officer, sets the agenda for Board meetings and presides over meetings of the full Board. Because Mr. Johnson, the chairman of the Board, is not an employee of the Company and has been determined to be an "independent director," as defined under the rules of the NYSE, the Board has not deemed it necessary to appoint a lead independent director. The chairman of the Board also presides at all executive sessions of non-employee directors and serves as the focal point for directors regarding resolving conflicts with the chief executive officer or other directors and coordinating feedback to the chief executive officer on behalf of directors regarding business issues and Board management. The Board generally holds executive sessions four times a year without the chief executive officer or other employees present, unless the presence of the chief executive officer and/or any other employees is requested by the Board.

The Board of Directors' Role in Risk Oversight

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to achieve planned long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks of a company and what steps are required to manage those risks, but also understanding what level of risk is appropriate for that company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of the Company's senior management on areas of material risk to the Company. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand the Company's risk identification, risk management and risk mitigation strategies.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Board has delegated to the Risk Committee and the Audit Committee primary oversight of the risk management process. The Risk Committee provides oversight of management's guidelines, policies and processes for assessing, monitoring and mitigating the Company's critical enterprise risks, including the major strategic, operational, financial and compliance risks inherent in the Company's business and core strategies, determines which risks need to be included on the Board's agenda for discussion and assists

the Board in its oversight of the Company's management of key risks that have the potential to significantly affect the Company's ability to execute its strategy and achieve its strategic business objectives and performance goals.

The Audit Committee, in collaboration with the Risk Committee, focuses on a broad range of legal, financial and operational risks, including internal controls, disclosure issues, contract accounting, Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") compliance, Ethics Hotline reports and legal and regulatory issues, including compliance with SEC rules and regulations. The Audit Committee annually reviews a comprehensive annual risk assessment report from the Company's internal auditors. The internal audit report surveys risks throughout the business, focusing on primary areas of risk, including operational, financial, contractual, legal and regulatory, strategic and reputational risks. The Audit Committee, in collaboration with the Risk Committee, looks at the relative magnitude of these risks and management's mitigation plan, and provides strategic advice to the Company about ways to reduce and contain risk.

In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. Such incentives are also designed to align the Company's executives' interests with those of the Company's stockholders by tying executive compensation to stockholder return and value.

Finally, the Board's Corporate Governance and Nominating Committee, in collaboration with the Risk Committee, assists with risk mitigation by ensuring the Board and its committees are composed of individuals with the appropriate credentials and backgrounds to assist the Company with its risk mitigation efforts, while ensuring the Company complies with all applicable NYSE, SEC and other public company governance requirements.

Committees of the Board

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee and the Risk Committee. At the April 22, 2015 Board meeting, Messrs. Kubasik, Plueger and Raborn were reappointed to the Audit Committee, Messrs. The Company's Audit Committee consists of Ms. Esteves and Messrs. Kubasik, Plueger and Raborn, with Mr. Raborn serving as chairman. All of the Audit Committee members have been determined to be independent within the meaning of the NYSE listing standards, and each of Ms. Esteves and Mr. Raborn has been determined to be an "audit committee financial expert," as such term is defined in Item 407(d)(5) of SEC Regulation S-K. Following the conclusion of Mr. Kubasik's current term as a director and the Annual Meeting, if all of the nominees for director are elected, the Audit Committee's members will consist of Ms. Esteves and Messrs. Plueger and Raborn. The Audit Committee has a written Audit Committee Charter, the current copy of which can be found under the "Investor Relations" portion of the Company's website, www.spiritaero.com.

Compensation Committee. In addition, the Compensation Committee has the authority to elect any officer whom the Board has authority to elect, other than the chief executive officer.

In 2015, the Compensation Committee reviewed and reassessed the adequacy of the Compensation Committee Charter. As a result of its review, the Compensation Committee recommended certain updates to the Compensation Committee Charter and amended the Compensation Committee Charter in July 2015.

The Company's Compensation Committee consists of Messrs. Chadwell, Fulchino, Gephardt, and Johnson, with Mr. Fulchino serving as chairman. All of the members of the Compensation Committee are independent within the meaning of the NYSE listing standards. Corporate Governance and Nominating Committee. Company's corporate governance principles and to oversee risks related to the Company's governance structure or from related person transactions and collaborate with the Risk Committee with respect to the same. The Corporate Governance and Nominating Committee is responsible for, among other things, (1) leading the search for and selecting nominees for election as directors; (2) developing qualifications for director candidates; (3) evaluating the composition and size of the Board and its committees and overseeing the function of the Board's committees; (4) formulating a policy for the consideration of diversity in the identification, evaluation and nomination of director candidates; (5) developing and recommending to the Board a set of corporate governance guidelines, reviewing and recommending any changes to the guidelines and considering other corporate governance principles that may merit consideration by the Board; (6) evaluating and recommending ways to enhance communications and relations with the Company's stockholders; (7) developing and recommending to the Board procedures for the self-evaluation of the Board and its committees; (8) periodically evaluating and proposing to the Board for its review, and monitoring, a plan of succession for the chief executive officer and other senior executive officers of the Company, and recommending to the Board candidates for appointment to such positions; (9) assisting the Board in determining the most appropriate organizational format and structure for the Company; (10) reviewing and ratifying or prohibiting any related person transactions or relationships in accordance with the Company's Related Person Transaction Policy, and overseeing the disclosure of related person transactions; (11) conducting a self-evaluation of the performance of the Corporate Governance and Nominating Committee and reassessing its charter; and (12) reporting to the full Board.

In 2015, the Corporate Governance and Nominating Committee reviewed and reassessed the adequacy of the Corporate Governance and Nominating Committee Charter. As a result of its review, the Corporate Governance and Nominating Committee recommended certain improvements to the Corporate Governance and Nominating Committee Charter and amended the Corporate Governance and Nominating Committee Charter in July 2015.

The Company's Corporate Governance and Nominating Committee consists of Messrs. Chadwell, Fulchino, Gephardt, Johnson and Kadish, with Mr. Chadwell serving as chairman. All of the members of the Corporate Governance and Nominating Committee are independent within the meaning of NYSE listing standards. Following the Annual Meeting, if all of the nominees for director are elected, the Corporate Governance and Nominating Committee's members will consist of Messrs. Chadwell, Fulchino, Gephardt, Johnson and Kadish, all of whom are independent within the meaning of the NYSE listing standards. The Corporate Governance and Nominating Committee has a written charter, the current copy of which is available under the "Investor Relations" portion of the Company's website, www.spiritaero.com.

Risk Committee. In accordance with the Company's Risk Committee Charter, the Company's Risk Committee's purposes are to (1) provide oversight of management's guidelines, policies, and processes for assessing, monitoring and mitigating the Company's critical enterprise risks, including the major strategic, operational, financial and compliance risks inherent in the Company's business and core strategies; (2) determine which risks should be included on the Board's agenda for discussion; and (3) assist the Board in its oversight of the Company's management of key risks that have the potential to significantly affect the Company's ability to execute its strategy and achieve its strategic business objectives and performance goals.

Other Committees. The Board may establish other committees as it deems necessary or appropriate from time to time, including special committees.

Board Meetings and Attendance; Attendance at Annual Meeting of Stockholders

During the fiscal year 2015, there were ten formal meetings of the Board and additional actions by unanimous written consent. Other than Ivor Evans, who served as director until the end of his term on April 22, 2015, all of the then-current directors attended at least 75% of the aggregate of (i) the total number of meetings (whether regular or special

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

meetings) of the Board (held during the period for which such person was a director), and (ii) the total number of meetings held by all committees of the Board on which the director served (during the period that such director served), and a majority of the then-current directors attended 100% of such meetings. Recognizing that director attendance at the Annual Meeting of Stockholders can provide the Company's stockholders with an opportunity to communicate with Board members about issues affecting the Company, the Company actively encourages the members of the Board to attend its Annual Meeting of Stockholders. The Company held its 2015 Annual Meeting of Stockholders on April 22, 2015, and it was attended by all then-current members of the Board other than Ivor Evans and Richard Gephardt.

Executive Sessions of Non-Employee Directors

The non-employee directors meet in executive session at least four times a year and generally at every regularly scheduled Board meeting to consider such matters as they deem appropriate, without the Company's chief executive officer or other management present unless the presence of the Company's chief executive officer or other management is requested by the Board. In accordance with NYSE listed company rules, "non-employee" directors are all those who are not executive officers of the Company. Among the items that the non-employee directors meet privately in executive sessions to review is the performance of the Company's chief executive officer and recommendations of the Compensation Committee concerning compensation for employee directors and other senior executive officers. Mr. Johnson, who serves as the chairman of the Board, acts as the chair of the executive sessions of the non-employee directors.

Compensation Committee Interlocks and Insider Participation

None of the Company's executive officers served during fiscal year 2015 or currently serves, and the Company anticipates that none will serve, as a member of the board of directors or compensation committee of any entity (other than the Company) that has one or more executive officers that serves on the Company's Board or Compensation Committee.

Miscellaneous

There are no family relationships among executive officers and directors of the Company.

Compensation of Non-Employee Directors

Non-employee directors' compensation is set by the Board at the recommendation of the Compensation Committee. In developing its recommendations, the Compensation Committee is guided by the following goals: compensation should fairly pay directors for work required in companies similar in size and scope to the Company; compensation should align directors' interests with the long-term interests of the Company's stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand.

The Compensation Committee reviews and recommends to the Board for its approval all compensation of the Company's non-employee directors, but no member of the Compensation Committee may act to fix his or her own compensation except as uniformly applied to all of the Company's non-employee directors for their service on the Board.

In 2005, the Board adopted a Director Stock Plan to provide certain non-employee directors of the Company or its subsidiary Spirit AeroSystems, Inc. ("Spirit") with the opportunity to acquire equity in the Company through grants of restricted shares of the Company's Class B Common stock. On April 21, 2008, the Board amended the Director Stock Plan to allow for grants of restricted stock units, provide for the grants of restricted shares of the Company's Class A Common stock or restricted stock units to comprise one-half of each non-employee director's annual director fee and provide for a one-year service vesting condition. Upon ceasing to serve as a director, a recipient was required to forfeit any restricted stock which was granted to him or her within the one-year period prior to his or her ceasing to serve as a director and in which he or she has not before then acquired a vested interest, unless the one-year service requirement was waived by the Board. Following the approval of the 2014 Omnibus Incentive Plan (the "OIP") at the Company's 2014 Annual Meeting of Stockholders, the Board established a Director Stock Program under the OIP, pursuant to which grants to directors have been made beginning in 2014. In January 2016, the Board modified the Director Stock Program to provide that, beginning with the director term commencing at the 2015 Annual Meeting of Stockholders, restricted stock grants awarded to non-employee directors under the Director Stock Program in a given term will vest upon the completion by such director of such term. Under the Director Stock Plan, from inception through December 31, 2013, the Company's non-employee directors received grants of an aggregate of 390,000 shares of Class B restricted Common stock, 10,129 restricted stock units and 198,726 shares of Class A restricted Common stock. Under the Director Stock Program, from January 1, 2014 through December 31, 2015, the Company's non-employee directors received grants of an aggregate of 11,635 restricted stock units and 41,653 shares of Class A restricted Common stock. Because of his affiliation with Onex Corporation and the Company's former management arrangements with Onex Corporation, Mr. Tawfiq Popatia did not receive any restricted stock grants from the Company while he was a director of the Company.

In 2009, the Compensation Committee reviewed benchmark Board compensation data from Willis Towers Watson ("Towers Watson") (using a peer group established by revenue level), and the Company's peer group of listed aerospace and defense companies and decided to set Company director compensation at the 75th percentile level to account for growth projections, the international nature of the Company's business and the desire to maintain the high quality of Board appointments. In 2015, the Compensation Committee reviewed benchmark board compensation data for Fortune 500 companies prepared by Towers Watson and decided to make changes to align Company director compensation with the market median based on its review of market data, as described in the following paragraph.

Non-employee directors receive an annual board retainer fee of \$195,000 (increased effective July 2015 from \$150,000) for their service as Board members. For the portion of 2015 in which Mr. Popatia served as a director, the applicable portion of the board retainer fee paid in respect of Mr. Popatia was paid in cash to Onex Partners Advisor LP. Other than with respect to Mr. Popatia, annual board retainer fees are paid in accordance with the terms of the Director Stock Program under the OIP. At least \$100,000 (increased effective July 2015 from \$90,000) of the annual board retainer fee is paid in either shares of restricted Common stock or restricted stock units of the Company, which are subject to vesting upon the completion by the applicable director of his or her then current term. Directors have the option to receive the remaining \$95,000 (increased effective July 2015 from \$60,000) of their compensation in cash, restricted stock or restricted stock units. Non-employee directors who serve on any of the Board's committees receive additional individual cash retainer fees. The chairman of the Board receives an additional annual retainer fee of \$85,000 (increased effective July 2015 from \$40,000), the chairman of the Audit Committee receives an additional annual retainer fee of \$25,000 (increased effective July 2015 from \$15,000), the chairman of the Compensation Committee receives an additional annual retainer fee of \$18,000 (increased effective July 2015 from \$10,000), the chairman of each of the Board's other committees receives an additional annual retainer fee of \$12,000 (increased effective July 2015 from \$10,000). In addition to the foregoing committee fees, effective July 2015, the Board approved a cash fee of \$1,000 per committee meeting attended to each non-employee director who serves on a committee of the Board. Retainer payments to

COMPENSATION OF NON-EMPLOYEE DIRECTORS

directors made after the July 2015 changes described above reflected the newly implemented amounts, while payments made in 2015 prior to the July 2015 changes were based on the retainer amounts in effect at that time. The annual board retainer fees and additional individual retainer fees are payable quarterly in arrears to all directors who have served the full quarter ended prior to the date of payment. No additional or other compensation is paid to the Company's executive officers who are also members of the Board. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their director services. Perquisites and personal benefits have been provided to non-employee directors and to Mr. Lawson under the standards described in the Company's Perquisite Allowance Plan, which is discussed below in the Compensation Discussion & Analysis section; however, effective July 2015, the Company discontinued providing perquisite allowances to non-employee directors. All compensation paid to Mr. Lawson in his capacity as an employee of the Company is described in the executive compensation tables and narrative below under the caption "Executive Compensation." Fees earned or paid to non-employee directors in 2015 are listed in the "Director Compensation for Fiscal Year 2015" table below.

The Company maintains a minimum stockholding requirement for non-employee directors. Each existing non-employee director is expected to accumulate over four years of service on the Board (beginning on the later of (i) the initial adoption of a minimum stockholding requirement in April 2009 and (ii) the initial appointment of the director to the Board) and thereafter, while serving on the Board, to continue to hold a minimum stockholding requirement in effect prior to May 2012, which was at least the greater of (1) the number of shares of the Company's Common stock with an aggregate market value of \$225,000 and (2) 10,000 shares. In May 2012, the minimum stockholding requirement was increased to the greater of (1) the number of shares of the Company's Common stock with an aggregate market value of \$250,000 and (2) 12,500 shares. Effective July 2015, the minimum stockholding requirement was further increased to the greater of (1) the number of shares of the Company's Common stock with an aggregate market value of \$400,000 and (2) 12,500 shares. Non-employee directors have four years after the adoption of the most recent increased minimum stockholding requirement to accumulate the increased amount of shares. Restricted stock units held by directors are counted in determining whether the minimum stockholding requirements are satisfied. Newly appointed members of the Board are permitted four full years of service on the Board during which to attain the minimum stockholding requirement. Information regarding the current stock ownership of the Company's directors can be found below under "Stock Ownership — Information Regarding Beneficial Ownership of Principal Stockholders, Directors and Management."

The following was the year-end message delivered to the Spirit team in 2015 by Mr. Lawson.

2015 CEO Year-End Message Delivered to Spirit Team:

“As 2015 draws to a close, it’s important to pause and reflect on what a momentous year this was for the Spirit team. We marked our 10th anniversary with Family Day celebrations at our sites around the world; delivered the first V-280 rapid prototype on budget and ahead of schedule to Bell Helicopter; and delivered the first 737 MAX fuselage and components to Boeing, as well as the first A350-1000 Section 15 to Airbus. We invested millions of dollars in factory improvements in 2015, including installation of a new Gantry in Prestwick and expansion of the 737 line in Wichita.

We also invested in our team, adding new talent to fill critical skills while investing in our local communities through contributions of time, talent and money. We did all this while continuing to solidify our financial performance and pursuing new business opportunities.

Spirit could not have achieved these accomplishments without you, the people who make Spirit AeroSystems possible. I am amazed at the dedication, energy and perseverance of our Spirit team. I am honored to lead this company and proud to represent you. After three years on the job, I am convinced our success rides on the shoulders of the 15,000 Spirit employees across the globe. This year wasn’t easy, and we didn’t achieve everything we set out to do. 2016 looks to be just as challenging, but I believe there is no finer team with which to face the challenges.

Thanks for all you do.”

The following provides a high-level overview of compensation decisions for 2016.

Base Salaries and Target Incentive Compensation

As a result of Mr. Lawson's strong and consistent performance, effective February 5, 2016, the Compensation Committee increased Mr. Lawson's target pay to maintain the alignment of his target pay with the 75th percentile of market. The target pay increase consisted of an increase in Mr. Lawson's base salary by approximately 4%, from \$1,225,000 to \$1,274,000, and an increase in his target LTI award from 500% to 535% of his base salary.

Effective February 5, 2016, in recognition of Mr. Kapoor's strong performance in 2015, Mr. Kapoor's base salary was increased by approximately 6% from \$565,000 to \$600,000, and his target LTI award was increased from 200% to 220% of his base salary.

Effective February 5, 2016, in recognition of Ms. Kondrotis' strong performance in 2015, Ms. Kondrotis' base salary was increased by approximately 4% from \$420,000 to \$435,000.

Effective February 5, 2016, in recognition of Ms. Lohmeier's strong performance in 2015, Ms. Lohmeier's base salary was increased by approximately 6% from \$450,000 to \$475,000.

As previously announced, Mr. Anderson's employment with the Company will terminate effective May 31, 2016.

Effective February 5, 2016, in recognition of Mr. Hawkins' strong performance in 2015, Mr. Hawkins' base salary was increased by approximately 4% from \$480,000 to \$500,000, and his target LTI award was increased from 170% to 200% of his base salary.

Short-Term Incentive Program Design

For 2016, the Compensation Committee continued to refine the design of the STI Program. In order to better align with market practice, the Compensation Committee adjusted STI Program component weightings applicable to Mr. Lawson and separately those applicable to the other NEOs. Specifically, the Program/Functional Performance component was removed from Mr. Lawson's STI award considerations, while the weighting for Program/Functional Performance was increased for the rest of the NEOs to strengthen the focus on alignment and accountability of the Company's various programs. These adjustments, including the weighting allocation among metrics comprising the Company Performance component, are as follows:

CEO only:

Company Performance: 80%

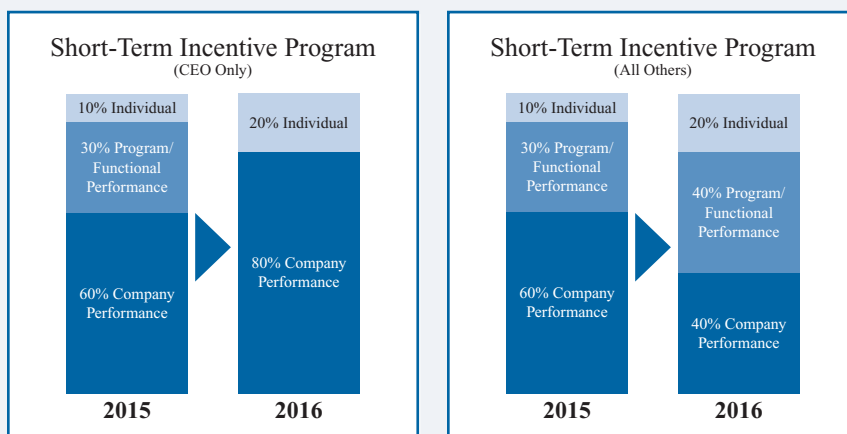

Individual Performance: 20%

All NEOs Other Than CEO:

Company Performance: 40%

Program/Functional Performance: 40%

Individual Performance: 20%

Pay-for-Performance Focus

Aligning Pay with Performance

The Company's success depends largely on the contributions of its employee team and their efforts to deliver strong business results and increase stockholder value. This understanding supports the Company's commitment to pay-for-performance and shapes its approach to providing competitive total compensation packages.

The Company uses a balance of short-term and long-term incentives as well as cash and non-cash compensation to reward NEOs for their roles in meeting company objectives. Under the Company's pay-for-performance philosophy, executive officers have the opportunity to earn in excess of market median levels when their performance exceeds expectations. Conversely, if performance falls below expectations, the Company's incentive plans pay below target levels.

Elements of Executive Compensation

The elements of executive compensation provided to the Company's NEOs in 2015 consisted of base salary, short-term cash incentives (under the STI Program), long-term stock incentives (under the LTI Program), retirement and other benefits.

- *Program Design.* As designed, variable pay comprises 87% of the total annualized direct compensation for the Company's CEO, and between 64% and 75% of total annualized direct compensation for the Company's other NEOs. The portion of target annual compensation that is variable generally increases with the executive officer's position level and impact on the Company's performance, providing significantly more upside potential and downside risk for more senior positions as these executives have a greater influence on the Company's performance as a whole. The actual value realized from short-term incentive (STI) awards under the STI Program ranges from zero, if threshold performance targets are not met, up to 200% of targeted amounts for exceptional performance. Long-term incentive (LTI) grants under the LTI Program consist of a time-based award, equal to 75% of a participant's annual LTI award, and a performance-based award, equal to 25% of a participant's annual LTI award, assuming target performance goals are achieved.
- *Performance Assessment.* The Company's Compensation Committee uses a comprehensive and well-defined process to assess the achievement of performance goals for purposes of determining compensation. The Company believes the performance measures for its incentive plans focus management on the appropriate objectives for the creation of both short-term and long-term stockholder value.

The Company's incentive compensation components for NEOs are intended to link compensation performance with the full spectrum of the Company's business goals, some of which are short-term, while others take several years to achieve.

EXECUTIVE COMPENSATION

The table below summarizes the average historical short-term incentive award payouts to all NEOs for 2015, 2014 and 2013.

* In 2013, each NEO received the same short-term incentive payout as a percentage of his or her target, as no individualized component was included in the criteria used to determine short-term incentive payouts for those years.

Over time, the Company's incentive compensation programs have demonstrated the Company's commitment to pay-for-performance. The Company's STI award payouts have historically been below the Company's targets when the Company does not meet its performance goals, as evidenced with respect to 2013 by the chart above.

In addition, the Company's stock ownership guidelines require all senior executives to meet specific ownership targets based on position. This requirement, together with our LTI awards under the LTI program, subject these executives to the same long-term stock price volatility the Company's stockholders experience and further align the Company's executives' interests with those of its stockholders. See "Stock Ownership Guidelines" on page 37 for details.

CEO Pay at a Glance

As a result of Mr. Lawson's strong and consistent performance and a thorough review of the Company's alignment with its proxy peer group companies, effective January 30, 2015, the Compensation Committee increased Mr. Lawson's target pay for 2015 to a level aligned with the 75th percentile of market of the peer group and survey data described on page 28. This consisted of an increase in Mr. Lawson's base salary to \$1,225,000, an increase in his STI target to 150% of his base salary and an increase in his LTI target to 500% of his base salary.

As a result of Mr. Lawson's continued strong performance in 2015, effective February 5, 2016, the Compensation Committee increased Mr. Lawson's target pay for 2016, to maintain the alignment of his target pay with the 75th percentile of market of the peer group and survey data described on page 28. The target pay increase consisted of an increase in Mr. Lawson's base salary from \$1,225,000 to \$1,274,000 and an increase in his LTI target from 500% to 535% of his base salary.

Determining Compensation for 2015

Role of the Compensation Committee

The Compensation Committee of the Board is responsible for establishing, implementing and monitoring compliance with the Company's compensation philosophy and objectives. Generally, the Compensation Committee strives for internal equity among the Company's NEOs and, accordingly, the types of compensation and benefits offered to the Company's NEOs are consistent among the group.

The Compensation Committee develops and modifies, as appropriate, the executive compensation philosophy and objectives, and makes recommendations to the full Board on the performance goals, objectives and compensation structure for NEO compensation.

Each year, the Compensation Committee evaluates each NEO's performance in relation to the Board's goals and objectives, and with respect to the Company's CEO, reviews his or her self-evaluation. Based on these evaluations, the Compensation Committee reviews and approves each NEO's annual compensation, including salary, short-term and long-term incentives and other similar arrangements. The Compensation Committee reviews the CEO's performance quarterly. The Compensation Committee assesses consistency in performance results and compares Company performance to that of the Company's proxy peer group.

In establishing the overall philosophy and strategy of the Company's NEO compensation, the Compensation Committee takes into consideration the counsel and recommendations of the Company's CEO and Senior Vice President of Corporate Administration and Human Resources, recommendations of other members of the Board, and the research, analysis and consulting advice of Towers Watson.

The Compensation Committee continues to examine existing and new compensation programs and objectives to ensure that ours remain appropriate and consistent with the Company's overall philosophy and objectives.

Role of the CEO

Each year, the Company's NEOs prepare and discuss their self-evaluations of their performance with the Company's CEO, who presents a compensation recommendation for each other NEO to the Compensation Committee. These recommendations are based on the CEO's review of their performance, job responsibilities and importance to the Company's overall business strategy, as well as the Company's compensation philosophy. Although these recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation for the Company's executive officers.

The CEO also prepares a self-evaluation and presents it to the Compensation Committee.

Role of the Compensation Consultant

The Compensation Committee retains the authority to approve and monitor all compensation and benefit programs (other than broad-based welfare benefit programs). To add rigor in the review process and to inform the Compensation Committee of market trends, the Compensation Committee utilized the services of Towers Watson in 2015. Towers Watson assisted the Compensation Committee in benchmarking the Company's executive compensation and reviewing trends and regulatory implications for executive pay and developing incentive plan design alternatives. This information was also used by the Compensation Committee in establishing the Company's NEOs' base salaries and target goals for compensation plan awards.

Towers Watson is engaged by the Company's management, with the prior and ongoing approval of the Compensation Committee, and provides executive compensation consulting services that support the Compensation Committee's goal to align the interests of the Company's executive officers with those of the Company's stockholders. Towers Watson and its affiliates did not provide any other services to the Company in 2015. The Compensation Committee has considered the factors specified by the SEC in determining that Towers Watson provides independent advice.

Setting Executive Compensation

The Compensation Committee generally sets the total target compensation of the Company's NEOs, which includes base salary and short-term and long-term incentive awards, comparable to that of the median for executive positions at the companies included in the Company's industry peer group and in the compensation surveys used. In determining the compensation of individual executives above or below the market median, the executive's past experience, future potential and individual performance are considered. In addition, to reward superior performance, the Compensation Committee may set a NEO's total target compensation at a level in excess of the market median.

EXECUTIVE COMPENSATION

Mercer Human Resources Consulting is also engaged by the Company's management to provide non-executive compensation consulting services to the Company.

Consideration of Advisory Stockholder Vote on Executive Compensation

The Company believes it is appropriate to seek the views of its stockholders on the design and effectiveness of the Company's executive compensation program. At the Company's 2014 Annual Meeting of Stockholders, the Company held its second non-binding, advisory stockholder vote on executive compensation (the Say-On-Pay vote) under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and received greater than 96% support from the votes of the Company's stockholders present, in person or by proxy, and entitled to vote on the matter. As an advisory vote, the results of this stockholder vote are not binding upon the Company; however, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by the Company's stockholders in their vote and considered the outcome of this vote when it made compensation decisions for the NEOs. Given the 96% stockholder vote supporting the Company's executive compensation, the Compensation Committee accordingly decided not to make significant changes to the executive compensation that received the strong support of the Company's stockholders.

In addition, at the 2011 Annual Meeting of Stockholders, the Company's stockholders approved holding the advisory vote every three years (the Say-When-On-Pay vote), which the Company believes will allow for a meaningful evaluation period of performance against the Company's compensation practices. In accordance with the advisory vote of the Company's stockholders at the 2011 Annual Meeting of Stockholders, and as determined by the Compensation Committee and the Board, the Company will include an advisory vote on executive compensation in the Company's proxy statement every three years.

Benchmarking the Company's 2015 Executive Compensation Program

The Company's executive compensation program — total direct compensation consisting of base salary, STI awards and LTI awards — is compared to that of the Company's peers in order to determine competitive levels to support the attraction and retention of the Company's executive officers.

The Company benchmarks executive compensation against a peer group of comparably-sized (in terms of revenue) U.S.-based companies (emphasizing aerospace, defense and auto component manufacturers). The companies specified below were included in the Towers Watson peer group analyses for 2015. The graph below demonstrates the peers represent a reasonable range of smaller and larger companies (based on revenues). Note that changes from the 2014 peer group include the removal of Exelis Inc. as a result of Exelis Inc. ceasing to be publicly traded, and the addition of Ingersoll Rand Plc and L-3 Communications Holdings, Inc. to accommodate the Company's anticipated continued growth.

2015 Spirit AeroSystems Proxy Peer Group

In addition to using such peer group to benchmark executive compensation, the Company also measures its TSR relative to this peer group to determine the degree to which the LTI performance-based stock grants it made in 2015 vest.

For 2016, the Company will remove Precision Castparts Corp. from its peer group as a result of its acquisition by Berkshire Hathaway, Inc. on January 29, 2016 and its ceasing to be a publicly traded company.

The Company also uses a broad survey sample for benchmarking executive compensation. In 2014, in connection with setting 2015 pay, the Compensation Committee reviewed compensation benchmarking based on national, proprietary compensation surveys. Specifically, data was prepared principally using a custom cut of Towers Watson's Executive Compensation survey including aerospace and defense, transportation, industrial manufacturing, energy and electrical equipment and services, automotive, building products and general industry companies. Comparable benchmarking was also conducted in 2015 in connection with establishing 2016 pay.

The composition of the survey group may vary somewhat from year to year based on survey participation. The survey analysis considers companies in relevant industries (aerospace and defense, machinery, auto components and electrical equipment) as well as companies in a broad array of industries when necessary to complement data limitations. Survey data was size-adjusted to approximate the Company's revenue either through regression or by limiting the survey sample to comparably-sized companies.

The Compensation Committee believes overall executive compensation should be designed to be competitive with comparable companies, to reward effective execution of the Company's goals and the individual objectives set for its executive officers, and to recognize exceptional performance and results.

Base Salaries

As a result of Mr. Lawson's continued strong performance and a thorough review of the Company's alignment with its proxy peer group companies, effective January 30, 2015 the Compensation Committee increased Mr. Lawson's base salary for 2015 by approximately 17%, from \$1,050,000 to \$1,225,000, an increase in his target LTI award to 500% of his base salary and an increase in his target STI award to 150% of his base salary. As a result of this increase, Mr. Lawson's target pay for 2015 was aligned with the 75th percentile of market.

Effective January 30, 2015, Mr. Kapoor's base salary was also increased by approximately 8% from \$525,000 to \$565,000 in recognition of his strong performance in 2014.

Ms. Kondrotis joined the Company as Senior Vice President, Business Development in December 2014. Ms. Kondrotis received a starting salary of \$420,000, consistent with market median for her role.

Ms. Lohmeier joined the Company as Senior Vice President and General Manager, Airbus Programs in June 2015. Ms. Lohmeier received a starting salary of \$450,000, consistent with market median for her role.

Following a change in Mr. Anderson's position from Senior Vice President, Defense and Contracts to Senior Vice President of Defense Programs, effective March 20, 2015, Mr. Anderson's base salary was adjusted from \$420,000 to \$400,000.

Effective January 30, 2015, Mr. Hawkins received a base salary increase of 5%, from \$400,000 to \$420,000 in recognition of his strong performance, and effective June 12, 2015, Mr. Hawkins received an additional base salary increase of approximately 14% to \$480,000 in connection with his appointment as Senior Vice President and General Manager, Boeing, Defense and Regional Jet Programs.

For 2016 base salary changes, please refer to "2016 Program Updates" on page 24.

Short-Term Incentive Awards

The Company generally targets annual incentive awards at a level that, when combined with base salaries, result in total annual compensation that, subject to individual exceptions based on performance or prior positions held, is at or around the market median when target performance is met and above the market median when the Company performs well.

Each year the Board establishes performance objectives, targeted achievement levels and weighting to be used for the annual STI award determination based on a recommendation from the Compensation Committee. In 2015, the Compensation Committee continued to refine the design of the STI Program by adjusting the weighting given to each of the components used to determine the amount of STI awards. STI awards are determined based on three components: (1) Company Performance (60% weighting), (2) Program/Functional Performance (30% weighting) and (3) Individual Performance (10% weighting). Among the changes made in 2015 was a reduction of the weighting of the Company Performance component from 70% to 60% of the overall STI award, and an increase in the weighting of the Program/Functional Performance component from 20% to 30% of the overall STI award. The weighting of the Company Performance component was reduced and that of the Program/Functional Performance component was increased to further increase management's focus on the performance of the Company's programs and functional groups, with the goal of achieving greater alignment and accountability while continuing to drive improvements in performance. For 2016 STI Program design changes, please refer to "2016 Program Updates" on page 24.

EXECUTIVE COMPENSATION

The Company Performance component of each NEO's 2015 STI award is scored based on the performance of the Company as measured against three quantitative metrics adopted by the Compensation Committee: (1) EBIT, (2) revenue and (3) Free Cash Flow. The Program/Functional component of each NEO's STI award is scored based on specified performance criteria applicable to the program or functional group for which such NEO is responsible. These criteria consist of various financial, operational and strategic elements. The Individual Performance component of each NEO's 2015 STI award was evaluated based on the achievement of individual performance goals.

As summarized in the table below, the 2015 STI Program design uses a two-step approach to determine the amount of STI award payouts.

Step 1: Applying the formula

Company Performance Score (60% weighting)	+	Program/Functional Performance Score (30% weighting)	+	Individual Performance Score (10% weighting)	=	Final Score
--	---	--	---	---	---	-------------

Step 2: Applying the final score

Final Score	×	Base Salary	×	STI Target Percentage	=	Final STI Award Payout
-------------	---	-------------	---	-----------------------	---	------------------------

STI Program Performance Results

Company Performance (60% weighting):

In 2015, the Company exceeded its target performance goal with respect to the Free Cash Flow metric and fell slightly short of achieving its target performance goal with respect to the revenue and EBIT metrics of the Company Performance component. As a result, the Compensation Committee determined a 1.09 score had been achieved with respect to Company Performance, representing a weighted score of 0.65. The tables below summarize the Company's performance relative to the Company Performance goals for 2015.

Measure	2015 Company Performance Summary					
	Weighting %	2015 Threshold	2015 Target	2015 Maximum	Actual Result	2015 Assessment
Revenue	10%	\$6.550 billion	\$6.675 billion	\$6.900 billion	\$6.670 billion*	Exceeded Threshold
EBIT	40%	\$800 million	\$900 million	\$1 billion	\$896 million*	Exceeded Threshold
Free Cash Flow	50%	\$600 million	\$700 million	\$850 million	\$732 million*	Exceeded Target

* In determining the 2015 Company Performance score, adjustments were made to Revenue, EBIT and Free Cash Flow to exclude certain non-operating and non-recurring items which the Company believes are not reflective of its operating performance, including positive and negative adjustments related to settlements entered into with customers and vendors.

Program/Functional Performance (30% weighting):

With respect to the Program/Functional Performance component of the 2015 STI awards, each program or functional group was assigned a score based on its performance measured against the performance criteria assigned to such program or functional group. The performance of each program or functional group was measured based on strategic, financial and operational metrics. The score assigned to members of the Company's executive leadership team, including all NEOs, were different depending on the program or function they led. For Messrs. Lawson, Hawkins and Kapoor and Ms. Kondrotis, program and function scores ranged from 0.76 to 0.80 due to the applicable program or functions not meeting certain target goals. Ms. Lohmeier's program score was 0.66, due to operational and financial challenges associated with Airbus programs. Mr. Anderson's score was 1.09 for Defense programs, as the Company's Defense Programs exceeded target financial and delivery performance.

Individual Performance (10% weighting):

The Individual Performance component is intended to further align executive compensation with performance in the Company's focus areas in any given year by establishing relevant individual performance metrics that relate to each NEO's assignments. With respect to the measurement of the Individual Performance component for 2015 STI awards, the Compensation Committee used a scoring scale of 0.0 to 2.0, with 0.0 being for unacceptable performance and 2.0 being for exceptional performance. Messrs. Hawkins and Kapoor and Mmes. Kondrotis and Lohmeier received

individual scores ranging from 1.2 to 1.6. Mr. Lawson's individual performance score was 2.0 and Mr. Anderson received a score of 1.0.

Individual performance factors reflect the following:

- Mr. Lawson: Performance was exceptional as he led the company to strong financial results, including free cash flow in excess of target, operationally improved quality and costs of goods sold, and strategically prepared the Company for growth by hiring new highly skilled executive leadership.
- Mr. Kapoor: Performance exceeded target, as he delivered above-target financial results for free cash flow, operating income and earnings per share through continued cost improvements.
- Ms. Kondrotis: Performance slightly exceeded target as she successfully submitted significant bids for new work, improved functional alignment and standardized processes within business development.
- Ms. Lohmeier: Performance exceeded target for Airbus programs and deliveries, recurring cost improvements and strengthening the leadership team.
- Mr. Anderson: Performance met target for financial, quality and delivery performance on Defense programs.
- Mr. Hawkins: Performance exceeded target for deliveries, cost improvements, quality and financial goals on Boeing, Defense, GCS&S programs and Assembly Operations.

Based on Company, Program/Function and individual performance results (as detailed above) the Compensation Committee believes the annual incentive compensation awarded to the NEOs for 2015 was appropriate and achieved the objectives of the executive compensation program.

- (1) Effective January 30, 2015, the base salaries of Messrs. Lawson and Kapoor were increased. Accordingly, each of their respective STI award payouts were calculated as separate components based on the portions of the year for which their respective old and new base salaries applied.
- (2) Effective January 30, 2015, the STI target of Mr. Lawson was increased from 115% to 150% of his base salary. Accordingly, his STI award payouts were calculated as separate components based on the portions of the year for which his old and new STI targets applied.
- (3) Although Ms. Lohmeier joined the Company on June 10, 2015, pursuant to her employment agreement with the Company, her STI award payout was not prorated, but instead reflected a full-year award. In addition, Ms. Lohmeier's employment agreement also provides that the aggregate performance score used to calculate her 2015 STI award payout is required to be the greater of the actual aggregate performance score and 1.0. As Ms. Lohmeier's actual aggregate performance score was slightly below 1.0, her STI award payout was calculated using an aggregate performance score of 1.0.
- (4) Effective March 20, 2015, Mr. Anderson's base salary and STI target were decreased. Accordingly, his respective STI award payouts were calculated as separate components based on the portions of the year for which his respective old and new base salaries and STI targets applied.
- (5) Effective January 30, 2015 and June 12, 2015, Mr. Hawkins' base salary was increased. Accordingly, his respective STI award payouts were calculated as separate components based on the portions of the year for which his respective base salaries applied.

In 2015, Mr. Lawson's STI target was increased to 150% from 115% of his base salary in recognition of his strong and consistent performance and a thorough review of the Company's alignment with its proxy peer group companies. In 2015,

EXECUTIVE COMPENSATION

following a change in Mr. Anderson's position from Senior Vice President, Defense and Contracts to Senior Vice President of Defense Programs, Mr. Anderson's STI target was reduced from 100% of his base salary to 80% to reflect his new role within the Company.

The STI awards paid in 2016 in respect of 2015 performance were paid fully in cash and are considered to have been earned in 2015. These cash awards for the NEOs are reported as 2015 compensation in the "Non-Equity Incentive Plan Compensation" column of the "Summary Compensation Table."

Long-Term Incentive Awards

LTI awards under the LTI Program are an important component of compensation, as they provide long-term, equity-based variable incentive compensation in keeping with the Company's executive compensation philosophy for the entire executive group. LTI awards consist of a time-based stock award that comprises 75% of a participant's annual LTI award, and a performance-based stock award tied to the Company's TSR relative to the TSR of a group of the Company's peers (see Proxy Peer Group Table, page 28) that comprises 25% of a participant's annual LTI award, assuming target performance goals are achieved. Time-based LTI awards vest in three equal installments on each of the first, second and third anniversaries of the grant date.

With respect to performance-based awards under the LTI Program, the number of shares that vest with respect to a grant is determined based on the ranking of the Company's TSR, expressed as a percentile, relative to the TSR of a group of the Company's peers over a three-year tracking period as compared to threshold, target and maximum performance goals. Participants are initially granted a number of unvested shares equal to the number of vested shares that the participant would be entitled to upon achievement of the target performance goal. For grants made in 2015, the tracking period runs from January 1, 2015 to December 31, 2017. For grants made in 2016, the tracking period will be determined by calculating the percentage increase in the dividend adjusted, weighted-average closing share price for the 20 trading days ending December 31, 2017 over such weighted-average share price for the 20 trading days ending December 31, 2014. The Company's TSR percentile ranking with respect to its peer group will then be measured against threshold, target and maximum performance goals, which correspond to threshold, target and maximum vesting percentages. The table below sets forth these performance goals and vesting percentages:

Performance Goal	(Percentile Ranking)	Threshold 25 th	Target 50 th	Maximum 90 th
Vesting Percentage	(% of Participant's Total LTI Award)	7.69%	25.00%	40.00%
	(% of Target Performance-Based Award)	25.00%	100.00%	200.00%

If the Company's TSR percentile ranking falls between the threshold and the target performance goals or the target and the maximum performance goals, the percentage of the performance-based award that a participant will receive is interpolated on a straight-line basis. If the Company's TSR percentile ranking is below the threshold performance goal, the participant will not be entitled to any vested performance-based shares, and if the Company's TSR percentile ranking is equal to or higher than the maximum performance goal, the participant will be entitled to a number of vested performance-based shares equal to 200% of the target performance-based share award. The number of vested shares to which a participant is entitled increases at a higher rate as the Company's TSR moves from the threshold goal to the target goal compared to the rate of increase as the Company's TSR moves from target goal to maximum goal. That is, the straight-line interpolation used to determine the percentage of the performance-based award to which a participant is entitled has a steeper incline from the threshold goal to the target goal than from the target goal to the maximum goal. This asymmetry reflects the importance the Company places on incentivizing executives to meet the Company's performance goals.

In 2015, Mr. Lawson's LTI target was increased from 435% to 500% of his base salary in recognition of his strong and consistent performance in 2014 and a thorough review of the Company's alignment with its proxy peer group companies. In January 2015, Mr. Hawkins' LTI target was increased from 120% to 150% of his base salary in recognition of his strong performance, and in June 2015, Mr. Hawkins received an additional increase in his target LTI award from 150% to 170% of his base salary in connection with his appointment as Senior Vice President and General Manager, Boeing, Defense and Regional Jet Programs. In March 2015, Mr. Anderson's LTI target was decreased from 200% to 100% of his base salary in connection with his position change from Senior Vice President, Defense and Contracts to Senior Vice President, Defense Programs. No changes were made to the other NEOs' LTI targets in 2015, and as a result, in 2015, Mr. Kapoor's target remained at 200% of his base salary, Ms. Kondrotis' target remained at 170% of her base salary, and Ms. Lohmeier's target remained at 170% of her base salary.

The table below outlines each of the Company's NEOs' annual target LTI stock awards in 2015 (reflecting fair value as calculated in accordance with applicable accounting rules).

NEO	2015 Time-Based LTI Award (\$)	2015 Performance-Based LTI Award (\$)
Mr. Lawson	4,593,753	1,531,251
Mr. Kapoor	847,537	282,531
Ms. Kondrotis	535,543	178,508
Ms. Lohmeier*	N/A	N/A
Mr. Anderson	630,039	210,044
Mr. Hawkins	472,530	157,549

* Ms. Lohmeier was granted a time-based LTI award in 2015; however, her award was granted as a signing bonus and is described below under "Other Compensation Elements — Executive Recruitment."

For 2016, the Company will retain emphasis on Company performance and stockholder value by continuing the 25% weighting tied to TSR.

For 2016 LTI target changes, please refer to "2016 Program Updates" on page 24.

Other Compensation Elements

Executive Recruitment

Factors Guiding The Company's Decisions to Support Attraction, Motivation and Retention of Top Talent

- ✓ In light of the Company's decision to bring in new talent, it has evaluated new measures to help attract such talent.
- ✓ The Company seeks highly qualified executive talent for its leadership team in a very competitive industry.
- ✓ The Company conducts strategic talent reviews of its executives against business needs on a regular and recurring basis.
- ✓ The Company balances its internal development and succession planning process with attracting high-performing executives who have proven records of skill and performance from other companies, including the Company's competitors.
- ✓ In attracting external, skilled, high-performing talent, the Compensation Committee believes the initial compensation package provided to an executive officer must be significant enough to attract the talent from his or her current company; therefore, base salaries have been moving from below market median to around the market median.
- ✓ Generally, the Company targets market median levels in total compensation. Over time, the Company has been elevating the portion paid in salary to align with market practices and reducing the Company's above-market incentives to help mitigate any undue risk-taking.

EXECUTIVE COMPENSATION

The Company has structured a variety of compensation arrangements and approved various payments to recruit executive talent. The Compensation Committee has approved long-term incentive stock awards and cash payments designed to compensate individual executive officers for compensation they would forgo by leaving their prior employers. More specifically, Ms. Kondrotis' employment agreement provided for a signing bonus consisting of \$250,000 in cash and restricted Class A shares valued at \$1,200,000 to compensate for forgone compensation benefits from Ms. Kondrotis' previous employer. In addition, Ms. Lohmeier's employment agreement provided for a signing bonus consisting of \$374,977 in cash (which included a tax "gross-up" of \$124,977) and restricted Class A shares valued at \$1,165,055 to compensate for forgone compensation benefits from Ms. Lohmeier's previous employer. These awards are included in the "Bonus," "All Other Compensation" and "Stock Award" columns of the "Summary Compensation Table," as applicable. The Compensation Committee believes its decision to adopt those compensation arrangements and approve those payments was reasonable and necessary to achieve our overall goals and was consistent with our compensation philosophy.

Perquisites

Perquisites and other benefits represent a small part of the overall compensation package for the Company's executive officers. Beginning with fiscal year 2012, all individual perquisites for the participants were eliminated and replaced with an annual allowance of \$25,000 for the Company's chief executive officer and up to \$13,000 for each other participant, including each of the Company's other NEOs. Any portion of a participant's annual allowance that is not used by him or her by the end of the applicable calendar year lapses and does not carry over to the following calendar year, nor is any remaining balance paid out to the participants, unless a change-in-control occurs (see "Potential Payments on Termination or Change-in-Control" on page 47). The Company's CEO administers the plan on behalf of the Board and the Compensation Committee, including designating participants and allowance amounts and ensuring that the use of perquisites is in compliance with the plan. The Board or the Compensation Committee may also increase or decrease allowance amounts at any time.

The Company's executive security procedures prescribe the level of personal security to be provided to the CEO. These security procedures are based on business-related security concerns and have been assessed by an independent security consulting firm and deemed necessary and appropriate for the protection of the Company's CEO. These security procedures provide for the Company's CEO to use Company aircraft for personal travel for security reasons, and as a result, Mr. Lawson's use of the Company's aircraft represents a significant perquisite provided to Mr. Lawson in addition to those perquisites provided to him under the Company's Perquisite Allowance Plan.

The Compensation Committee will periodically review competitive market data to ensure that the Perquisite Allowance Plan is reasonable and within market practice.

Health Benefits/Retirement Plans

The Company provides its executive officers, including the Company's NEOs, benefits provided to all other salaried, non-union employees, including medical and dental insurance and tax-qualified defined contribution plan participation and matching (the Company's 401(k) plan). These benefits are important for retaining the Company's executive officers and enhancing their compensation through tax-excluded or tax-deferred vehicles. The Company's contributions to the Company's 401(k) plan on behalf of the NEOs are included in the "All Other Compensation" column of the "Summary Compensation Table." This plan furthers the Company's objectives of attracting and retaining well-qualified employees and executive officers as it is the Company's only active retirement plan.

In connection with the formation of the Company as a stand-alone company and the acquisition of the assets of the Company from Boeing, the Company adopted a supplemental executive retirement plan (SERP) in order to attract certain employees from Boeing. The SERP provides deferred compensation benefits to those of the Company's executive officers and certain other members of management who previously participated in Boeing's Supplemental Executive Retirement Plan for Employees of Boeing prior to the acquisition of Boeing's operations in Wichita, Kansas, Tulsa, Oklahoma, and McAlester, Oklahoma, by an investor group led by Onex Partners LP and Onex Corporation resulting in the incorporation and commencement of operations of the Company (the "Boeing Acquisition"). Also in connection with the Boeing Acquisition, the Company adopted the Pension Value Plan (PVP) for those former employees of Boeing who did not retire from Boeing by August 1, 2005. Both the SERP and the PVP are frozen plans, so no additional employees are becoming participants in the plans and no current participants are accruing any additional benefits. The PVP allowed the transfer of pension values from Boeing pension plans. The PVP is fully paid for by the

Company, and the Company's employees are vested after reaching five years of service. None of the NEOs received benefits under the SERP or PVP in 2015.

The Company sponsors the Spirit AeroSystems Holdings, Inc. Retirement & Savings Plan ("RSP"), a qualified plan covering certain eligible employees. Under the RSP, the Company makes a matching contribution of 75% of the employee's contributions to a maximum 6% of compensation match based on employee contributions of 8% of compensation. Compensation for this plan is base pay, subject to compensation limits prescribed by the IRS. The matching contributions are immediately 100% vested.

Non-matching contributions, based on an employee's age and vesting service, are made at the end of each calendar year for certain employee groups. Each NEO is eligible for these contributions for each year that he (1) is employed by the Company as of December 31 and (2) receives a year of vesting service. If age plus vesting service totals less than 60, employees receive 1.5% of base salary as a non-matching Company contribution; if age plus vesting service totals at least 60 but less than 80, employees receive 3% of base salary; and if age plus vesting service totals at least 80, employees receive 4.5% of base salary contribution. These contributions are 25% vested at two years, 50% vested at three years, 75% vested at four years, and 100% vested at five years of vesting service, which includes prior service with Boeing.

The Company makes post-retirement medical and dental coverage available to all employees who retire from the Company at age 55 or later, provided they have at least 10 years of service and participated in the Company's medical and dental plans prior to retirement. Employees pay the full cost of coverage for this benefit — the Company does not pay any subsidy. For employees previously employed by Boeing whom the Company hired as of June 17, 2005, the Company provides subsidized post-retirement medical coverage upon early retirement after attaining age 62 with 10 years of service. Subject to paying the same employee premiums as an active employee, early retirees may maintain their medical coverage until attainment of age 65 or Medicare eligibility due to disability prior to age 65.

Stock Ownership Guidelines

The Company maintains stock ownership guidelines for its NEOs and other senior executives to further promote alignment of management and stockholder interests. The ownership requirements (measured by value of the Company's stock required to be held) are based on a multiple of base salary tied to pay grade.

The stock ownership guidelines establish the following target levels for Company stock ownership:

Officer Level	Target Level (Multiple of Annual Base Salary)
Chief Executive Officer	5x
Senior Vice Presidents	3x
Vice Presidents	1x

Non-employee directors are expected to own the greater of \$400,000 worth of stock by market value or 12,500 shares or RSUs. Shares that satisfy the stock ownership guidelines include:

- Shares of the Company's Class A Common stock or restricted stock units (i) owned outright either individually by an officer or as co-owner with spouse, (ii) owned in the name of any of the officer's minor children, either outright or with the officer and/or spouse, or (iii) held in trust for the officer, the officer's spouse and/or minor children; and
- Phantom shares held in the SERP.

The stock ownership guidelines require that the chief executive officer and other senior elected officers accumulate their required positions within five years of the adoption of the guidelines, or for new officers, within five years of being hired or promoted into the officer position. In addition, increases in an officer's target level resulting from salary increases or promotions are required to be achieved within five years of the event requiring the increase. The Company believes that five years provides a reasonable goal for executives to accumulate shares through earned incentive awards.

During the five-year accumulation period, the chief executive officer and other senior elected officers are expected to continuously accumulate qualifying equity until they meet the minimum stock ownership guideline. The Company reviews on an annual basis the ownership position of the CEO and each of the other senior elected officers who is required to adhere to these guidelines. Based on the review conducted in 2015, the Company determined the CEO and each of the other senior elected officers own appropriate amounts of Company stock in light of the minimum stock ownership guidelines and the portions of their respective accumulation periods that have passed. The Company may restrict any officer from liquidating any of his or her then-current holdings in Company stock, except for those shares

EXECUTIVE COMPENSATION

which are sold to meet Company tax withholding requirements. The Company may modify or waive the requirements of the guidelines, at its discretion, if it determines that compliance would result in severe hardship for an officer.

Compensation in Connection with Termination of Employment

The Company believes competitive severance protection is an appropriate incentive in attracting and retaining talent. The Company has provided for termination compensation through certain individual employment agreements in the form of salary and benefit continuation for a moderate period of time following involuntary termination of an executive officer's employment. The Company has also agreed to individual severance arrangements at the time of termination of employment, taking into account the specific facts and circumstances surrounding termination, including other compensation available at such time. The Company also considers the need to protect the Company's business and confidential and proprietary information through non-competition, non-solicitation and similar agreements, and the desire to provide for effective transitions between departing executives and continuing or new management.

You can find additional information regarding the Company's practices in providing compensation in connection with termination of employment under the heading "Potential Payments Upon Termination or Change-in-Control" on page 47.

Compensation in Connection with Change-in-Control

The Company maintains several programs of broad application designed to provide compensation in connection with a change-in-control of the Company. Specifically, the Company's STI awards, LTIP awards (made prior to the adoption of the OIP), LTI awards and Perquisite Allowance Plan provide for certain compensation in connection with a change-in-control of the Company as discussed under "Potential Payments Upon Termination or Change-in-Control" on page 47.

Short-Term Incentive Awards

Upon the occurrence of a change-in-control of the Company, each STI award participant who is employed by the Company on the date of the change-in-control or who was terminated without cause within 90 days prior to the change-in-control will be entitled to receive an award of cash in an amount equal to the full-year STI award that such participant would have been entitled to receive for such year had the target performance metrics established for such year been met.

Long-Term Incentive Awards

With respect to long-term incentive awards made prior to the adoption of the OIP, upon the occurrence of a change-in-control of the Company (i) each long-term incentive award participant who is employed by the Company on the date of the change-in-control or who was terminated without cause within 90 days prior to the change-in-control will be entitled to receive an award of cash in an amount equal to the value of the full-year long-term incentive award that would have been made to such participant within the 12-month period following the change-in-control if not for the occurrence of the change-in-control and (ii) any outstanding unvested long-term incentive award shares previously granted to each such participant will vest immediately.

With respect to LTI Program participants, except as otherwise provided in a participant's award agreement, the unvested LTI awards of a participant who is employed by the Company on the date of a change-in-control, or whose employment was involuntarily terminated by the Company (other than for cause) within the ninety (90) days preceding a change-in-control, become fully vested upon a change-in-control and each participant will also receive a cash award equal to the dollar value of the LTI award that would have been made to the participant in the ordinary course of business within the 12-month period following the date of the change-in-control based on the participant's annual base pay in effect on the date of the change-in-control. The foregoing notwithstanding, if the vesting of an unvested LTI award is subject to performance conditions, the vested portion will, at the discretion of the Compensation Committee, be determined based upon actual performance through the date of the change-in-control or, if the Compensation Committee determines that measurement of actual performance cannot be reasonably assessed, the assumed achievement of target performance.

Perquisite Allowance Plan

The Perquisite Allowance Plan provides that, in the event of a change-in-control of the Company, each participant will receive a cash award equal to any remaining unused portion of his or her allowance for the year in which the change-in-control occurs, plus an amount equal to the participant's full allowance for the calendar year in which the change-in-control occurs, which is intended to enable the employee to transition to self-funding.

Accounting and Tax Treatment of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of a company's three other most highly compensated executive officers (other than its chief financial officer) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders).

The Company believes it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals. Accordingly, the Company has not adopted a policy that all compensation must qualify as deductible under Section 162(m), and not all amounts currently paid under the Company's compensation programs qualify as performance-based compensation excluded from the limit on deductibility. The OIP permits the Company to make short-term and long-term incentive awards that meet the performance-based criteria to allow such awards to be excluded from the limitation on deductibility.

The Company has adopted FASB's authoritative guidance on stock-based compensation accounting, which generally requires companies to measure the cost of employee and non-employee services received in exchange for an award of equity instruments based on the grant-date fair value and to recognize this cost over the requisite service period or immediately if there is no service period and there are no other vesting requirements. The notes to the Company's consolidated financial statements, included in the Company's Annual Report on Form 10-K for fiscal year 2015 filed with the SEC, contain further information concerning the Company's policies with respect to FASB's authoritative guidance on stock-based compensation accounting.

Compensation Committee Report

The Compensation Committee establishes and oversees the design and functioning of the Company's executive compensation program. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis section in this Proxy Statement with the Company's management. Based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement for the 2016 Annual Meeting of Stockholders and also be incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year 2015.

* Includes restricted Class A shares valued at \$1,200,000 issued as part of a signing bonus.

** Consists of restricted Class A shares issued as part of a signing bonus.

Values for the performance-based LTI awards are based on the probable ranking of the Company's TSR relative to the TSR of a group of the Company's peers.

The grant date fair value of \$64.49 for the performance-based LTI awards was determined using a Monte Carlo simulation model. The value was determined using the historical stock price volatilities of the companies in the Company's peer group over the most recent three-year period, assuming dividends for each company are reinvested on a continuous basis and a risk-free rate of interest of 1.03%.

The maximum values of the performance-based share grants made under the OIP in 2015 at their grant date, assuming a 200% maximum payout, are as follows:

Name	Maximum Value at Grant Date of Performance Based Share Grants (\$)
Larry A. Lawson	3,062,502

- (17) Represents cash compensation earned by each NEO under the STIP for fiscal year 2013 and under the STI program under the OIP for fiscal years 2014 and 2015.
- (18) "Personal airplane usage," as referenced in footnotes 19, 20 and 21, is included in All Other Compensation as a perquisite, and consists of the incremental cost to the Company of personal usage of its corporate airplane. The incremental cost to the Company for personal airplane usage is calculated based on a methodology that includes the weighted average cost of fuel, maintenance expenses, parts and supplies, landing fees, ground services, catering and crew expenses associated with such use, including those associated with "deadhead" flights related to such use. Because the corporate airplane is used primarily for business travel, the methodology excludes fixed costs that do not change based on usage. Fixed costs include pilot salaries, the purchase or lease costs of the airplane and the cost of maintenance not related to personal travel. Executives, their families and invited guests occasionally fly on the corporate airplane as additional passengers on business flights. In those cases, the aggregate incremental cost to the Company is a de minimis amount, and as a result, no amount is reflected in the Summary Compensation Table. Executives, directors, their families and invited guests also occasionally fly on the corporate airplane as additional passengers on personal flights that are attributed to another executive, in which case the entire incremental cost is allocated to the executive who arranged for the personal flight. The Company does not grant bonuses to cover, reimburse or otherwise "gross-up" any income tax owed for personal travel on the corporate airplane.
- (19) Includes (a) personal use of country club membership paid for by the Company, (b) a personal item, (c) \$36,363 for personal airplane usage, (d) \$13,500 for Company contributions to defined contribution plans, (e) \$1,000,000 for Company contributions to non-qualified deferred compensation plan, and (f) \$2,516 for Company contributions toward life insurance coverage.

The Company sponsors the Spirit AeroSystems Holdings Deferred Compensation Plan ("DCP"). This nonqualified plan allows eligible employees to defer receipt of a portion of their base salary or short-term incentive compensation. In addition, the DCP allows for discretionary contributions by the Company into a separate account in the DCP. Deferred amounts and amounts which the Company contributes to its employees' accounts in the DCP are credited with a rate of return equal to 120% of the applicable federal long-term rate for October of the prior fiscal year. For 2015, the interest crediting rate was 3.47%. Accumulated amounts are payable to the participant in either a lump sum or installments upon

separation from employment with the Company, or at the end of the deferral period selected by the participant upon enrollment in the DCP.

Contributions to the DCP labeled as “Registrant Contributions” (if any) are included as part of “All Other Compensation” in the “Summary Compensation Table”. There were no “above-market” earnings (defined by SEC rule as that portion of interest that exceeds 120% of the applicable federal long-term rate) under the plan during fiscal year 2015, as the Company used 120% of the applicable federal long-term rate to determine the amounts to be contributed.

Potential Payments Upon Termination or Change-in-Control

Termination of Employment

Spirit maintains employment agreements with certain NEOs, pursuant to which certain payments may be made, or benefits provided, in the event the executive’s employment is terminated. The provisions in Mr. Anderson’s and Mr. Hawkins’ respective employment agreements pursuant to which such payments would be made upon termination are no longer applicable. Mr. Anderson has entered into a separation agreement in connection with the termination of his employment with the Company, effective May 31, 2016 (as described in more detail below under “Separation Agreement”). In addition, upon termination of employment, amounts may become payable to the NEOs pursuant to the DCP and the STI Program under the OIP.

Employment Agreements

Employment agreements entered into by Spirit with Messrs. Lawson and Kapoor and Mmes. Kondrotis and Lohmeier provide for varying types and amounts of payments and additional benefits upon termination of employment, depending on the circumstances of the termination.

- *Voluntary Termination by the Executive.* In the event of voluntary termination by the executive, salary and benefits are continued only through the date of termination.
- *Involuntary Termination by Spirit for Cause.* In the event of involuntary termination by Spirit for cause, no amounts are payable by reason of termination, other than salary and benefits payable through the date of termination. Generally, Messrs. Lawson’s and Kapoor’s and Mmes. Kondrotis’ and Lohmeier’s employment agreements define termination for “cause” to mean (1) the executive committing a material breach of his or her employment agreement or acts involving fraud, dishonesty, disclosure of confidential information, or the commission of a felony, or direct and deliberate acts constituting a material breach of his or her duty of loyalty to Spirit; (2) the executive willfully or continuously refusing to or willfully failing to perform the material duties reasonably assigned to him or her by the Board or the Company, as applicable, where the refusal or failure does not result from a disability (as discussed below); (3) material underperformance, as reflected in two consecutive performance reviews provided no less than six months apart; or (4) the inability of the executive to obtain and maintain appropriate United States security clearances. In the case of Mr. Kapoor’s and Mmes. Kondrotis’ and Lohmeier’s employment agreements, crimes of moral turpitude are also grounds for termination for “cause.” Each of Mr. Lawson’s and Mr. Kapoor’s employment agreements states that his termination is not deemed to be for cause unless and until there shall have been delivered to the executive a copy of a resolution to that effect, duly adopted by the Board.
- *Involuntary Termination by Spirit without Cause or Termination by Executive for Good Reason.* In the event Mr. Lawson’s employment terminates due to involuntary termination by Spirit without cause or termination by Mr. Lawson for good reason, Spirit will (i) continue to pay Mr. Lawson an amount equal to his base salary in effect immediately before termination of his employment for a period of 12 months, (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of 12 months, (iii) cause any unvested STIP shares held by Mr. Lawson to become immediately vested, and (iv) cause the following LTIP and LTI award shares to be vested, to the extent not previously vested: (A) 100% of shares awarded in Mr. Lawson’s 2013 LTIP grant, (B) 66⅔% of shares awarded in Mr. Lawson’s 2014 LTI award and (C) 33⅓% of shares awarded in Mr. Lawson’s 2015 LTI award. Also in the event of such a termination, Mr. Lawson will be entitled to accelerated vesting of all then-unvested shares of restricted stock granted to him under his employment agreement as a sign-on bonus, and Spirit will credit Mr. Lawson’s DCP account with all remaining amounts that he would have been credited pursuant to his employment agreement as if he had remained employed until the fifth anniversary of the effective date of his employment agreement (with Mr. Lawson’s employment agreement providing for crediting of \$1,000,000 on each of the first five anniversaries of the effective date of his employment).

EXECUTIVE COMPENSATION

In the event Mr. Kapoor's employment terminates due to involuntary termination by Spirit without cause or termination by Mr. Kapoor for good reason, he will be entitled to termination benefits, pursuant to which Spirit will (i) continue to pay Mr. Kapoor an amount equal to his base salary in effect immediately before termination of his employment for a period of 12 months, (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of 12 months, (iii) cause any unvested STIP shares held by Mr. Kapoor to become immediately vested, (iv) if such termination is during Mr. Kapoor's initial three-year employment term, cause the following LTI award shares to be vested, to the extent not previously vested: (A) 66 $\frac{2}{3}$ % of shares awarded in Mr. Kapoor's 2014 LTI award and (B) 33 $\frac{1}{3}$ % of shares awarded in Mr. Kapoor's 2015 LTI award, and (v) pay any unpaid portion of Mr. Kapoor's cash sign-on bonuses awarded pursuant to his employment agreement. Also in the event of such a termination, any of the signing bonus shares that were awarded to Mr. Kapoor under the LTIP or OIP pursuant to his employment agreement that are not fully vested at the time of such termination will automatically vest in full at such time.

In the event Ms. Kondrotis' employment terminates due to involuntary termination by Spirit without cause or termination by Ms. Kondrotis for good reason, she will be entitled to termination benefits, pursuant to which Spirit will (i) continue to pay Ms. Kondrotis an amount equal to her base salary in effect immediately before termination of her employment for a period of 12 months, (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of 12 months, and (iii) if such termination is before March 15, 2016, cause the signing bonus shares awarded to Ms. Kondrotis under the OIP to be vested as if she had remained an employee for an additional 12 months after the date of termination of employment.

In the event Ms. Lohmeier's employment terminates due to involuntary termination by Spirit without cause or termination by Ms. Lohmeier for good reason, she will be entitled to termination benefits, pursuant to which Spirit will (i) continue to pay Ms. Lohmeier an amount equal to her base salary in effect immediately before termination of her employment for a period of 12 months, and (ii) pay the costs of COBRA medical and dental benefits coverage after termination for a period of six months.

Generally, any termination of the employment agreements with Messrs. Lawson and Kapoor and Mmes. Kondrotis and Lohmeier's by Spirit other than for cause, death or disability constitutes a termination without cause. Termination of Mr. Lawson, Mr. Kapoor or Ms. Kondrotis due to expiration of the applicable employment period without renewal also constitutes a termination without cause, and termination of Ms. Lohmeier due to expiration of her initial two-year employment term without renewal also constitutes a termination without cause.

Under Messrs. Lawson's and Kapoor's and Mmes. Kondrotis' and Lohmeier's employment agreements, termination by the executive for "good reason" is defined to mean voluntary termination of employment by the executive within 90 days after the following conditions (provided that notice is given to Spirit and the conditions remain uncured after a specified amount of time thereafter): (i) within three years after commencement of employment with respect to Messrs. Lawson and Kapoor, or within two years after commencement of employment with respect to Mmes. Kondrotis and Lohmeier, the executive is assigned to a position that is a "diminished position"; or (ii) upon a change-in-control of Spirit or within twelve months thereafter, the executive is not offered continued employment with Spirit or a successor in a position other than a "diminished position." A position is defined to be a "diminished position" if it reflects: (i) a material diminution in base compensation; (ii) a material diminution in authority, duties or responsibilities; (iii) a change in reporting requirements; (iv) relocation of the executive's principal office to a location greater than 50 miles from Wichita, Kansas; or (v) any action or inaction with respect to the terms and conditions of the applicable NEOs employment that constitutes a material breach by Spirit of the employment agreement.

None of the NEOs employment agreements attempt to define circumstances constituting constructive termination by Spirit. However, each of the NEOs employment agreements are governed by Kansas law, which recognizes the concept that a resignation by the employee may constitute a constructive termination by the employer under certain circumstances.

- *Disability or Death.* In the event Mr. Lawson's or Mr. Kapoor's employment terminates due to disability or death, payment of base salary continues only through the date of termination, any unvested STIP shares held by the executive on the date of termination will be immediately fully vested, and if the termination occurs within the first three years of the executive's employment, the executive would be credited with one additional year of vesting service with respect to any unvested LTIP or LTI award shares he holds on the date of termination. In addition, any unvested shares of restricted stock that were awarded to Mr. Lawson or Mr. Kapoor as a signing bonus under their respective employment agreements will be immediately fully vested upon such executive's termination due to death or disability. For purposes of Mr. Lawson's employment agreement, disability means the inability to render the services required

under the employment agreement for a period of 180 days during any 12-month period, and for purposes of Mr. Kapoor's employment agreement, disability means total disability as evidenced by commencement of benefits under the Company's long-term disability plan (or, if the executive is not a participant in the Company's long-term disability plan, when he would have been eligible for benefits using the standards set forth in that plan).

The continued receipt of payments and benefits by Mr. Lawson, Mr. Kapoor, Ms. Kondrotis or Ms. Lohmeier upon termination of his or her employment due to involuntary termination without cause is conditioned upon satisfaction, for a period of the longer of 12 months after termination of employment or the period in which Spirit is continuing to pay such executive his or her base salary, of a covenant not to compete and a covenant not to solicit customers or employees of Spirit.

Spirit's employment agreements with Messrs. Anderson and Hawkins provide for certain benefits upon termination of their employment by Spirit without cause within two years after the effective date of their respective agreements, which have since passed. Accordingly, upon termination of their employment, salary and benefits continue only through the date of termination, except as provided under the DCP and/or STI Program, as described below.

Separation Agreement

Pursuant to Mr. Anderson's separation agreement, Mr. Anderson will continue to receive his current salary and benefits through May 31, 2016, the last date of his employment with Spirit. Such benefits include his 2015 STI award, any benefits accrued under the terms of the LTI Program and DCP, and his account balance and accrued benefit under the Company's Retirement and Savings Plan. Following termination of his employment, Mr. Anderson will receive a lump sum severance payment of \$400,000 and will be reimbursed for up to 18 months of COBRA coverage premiums. In addition, when Spirit pays awards to its executives under the STI Program for 2016, Mr. Anderson will receive a STIP award for 2016 equal to 80% of his base salary, pro-rated for the portion of 2016 that he was employed by Spirit.

Deferred Compensation Plan

Pursuant to the DCP, the NEOs participating in the DCP are entitled to receive payment of amounts credited to their deferred compensation accounts under the DCP upon a separation from service with Spirit and its affiliates. Amounts are payable in a lump sum or in up to 15 annual installment payments, as elected by each participant (subject to the terms and conditions set forth in the DCP).

Payment to a participant of any employer matching or discretionary contributions made under the DCP is subject to satisfaction by the participant of noncompetition and nonsolicitation requirements during the term of the participant's employment and for so long as the participant receives payments under the DCP and confidentiality requirements. In addition, the participant must not have been terminated for cause.

For purposes of the DCP, a termination for cause means a separation from service involving (i) gross negligence or willful misconduct in the exercise of the executive's responsibilities; (ii) breach of fiduciary duty with respect to Spirit; (iii) material breach of any provision of an employment contract; (iv) the commission of a felony crime or crime involving moral turpitude; (v) theft, fraud, misappropriation or embezzlement (or suspicion of the same); (vi) willful violation of any federal, state or local law (except traffic violations and other similar matters not involving moral turpitude); or (vii) refusal to obey any resolution or direction of the executive's supervisor or the Board. The Compensation Committee determines, in its sole discretion, whether an executive has incurred a separation from service that is a termination for cause under the DCP.

Short-Term Incentive Program

Under the STI Program, in the event of a "Qualifying Retirement" by a STI Program participant, (i) if such Qualifying Retirement occurs 90 days or more after the beginning of the relevant plan year, the participant will be entitled to receive a prorated STI award (based on the portion of such year that has elapsed prior to such participant's Qualifying Retirement), paid in cash, based on the full-year STI award performance metrics actually achieved for such year and (ii) any outstanding STI awards previously granted to such participant in the form of unvested shares will vest immediately. A "Qualifying Retirement" is defined, for purposes of the STI Program, as a voluntary termination of employment on or after attaining the age of 55 with at least ten years of service with the Company and its affiliates or the age of 60 with at least five years of such service.

EXECUTIVE COMPENSATION

Summary Tables and Information

The following summarizes the amounts potentially payable upon termination of employment for Messrs. Lawson and Kapoor and Mmes. Kondrotis and Lohmeier, assuming termination occurred on December 31, 2015. For purposes of presenting amounts payable over a period of time (e.g., salary continuation), the amounts are shown as a single total but not as a present value (i.e., the single sum does not reflect any discount). Messrs. Anderson and Hawkins would not be entitled to any payments upon termination other than salary and benefits through the date of termination.

Change-in-Control

Neither the Company nor Spirit maintains a change-in-control agreement or any other similar plan or arrangement intended specifically to provide income protection for executive officers upon a change-in-control. However, several of the Company's plans provide certain benefits to executive officers in the event of a change-in-control.

Under the LTIP, a change-in-control of the Company will entitle the participants in those plans (which includes Messrs. Lawson, Kapoor, Anderson and Hawkins) to accelerated vesting in full of any outstanding unvested shares held pursuant to the LTIP. For the LTIP, a change-in-control is (i) a transaction pursuant to which a person, or more than one person acting as a group, acquires more than 50% of the total voting power of the stock of the Company (including, but not limited to, acquisition by merger, consolidation, recapitalization, reorganization, or sale or transfer of the Company's equity interests), (ii) a merger or consolidation involving the Company in which the Company is not the surviving entity, or (iii) a transaction that is a sale of all or substantially all of the assets of the Company or Spirit if all or substantially all of the proceeds from such transaction are distributed to the stockholders of the Company.

Under the LTI Program established under the OIP, except as otherwise provided in a participant's award agreement, the unvested LTI awards of a participant (which includes each NEO) who is employed by the Company on the date of a change-in-control, or whose employment was involuntarily terminated by the Company (other than for cause) within the ninety (90) days preceding a change-in-control, become fully vested upon a change-in-control and the participant will also receive a cash award equal to the dollar value of the LTI award that would have been made to the participant in the ordinary course of business within the 12-month period following the date of the change-in-control based on the participant's annual base pay in effect on the date of such change-in-control. The foregoing notwithstanding, if the vesting of such unvested LTI award is subject to performance conditions, the vested portion will, at the discretion of the Compensation Committee, be determined based upon actual performance through the date of the change-in-control or, if the Compensation Committee determines that measurement of actual performance cannot be reasonably assessed, the assumed achievement of target performance. Under the OIP, a change-in-control is defined as defined in the LTIP (as described above).

EXECUTIVE COMPENSATION

Under the STI Program established under the OIP, upon the occurrence of a change-in-control of the Company each STI award participant who is employed by the Company on the date of the change-in-control or who was terminated without cause within 90 days prior to the change-in-control will be entitled to receive an award of cash in an amount equal to the full-year STI award that such participant would have been entitled to receive for such year had the target performance metrics established for such year been met.

Under the Perquisite Allowance Plan, any of the NEOs who are employed by the Company on the date of closing of a change-in-control transaction or who were involuntarily terminated by the Company without cause during the 90-day period ending on the date of the change-in-control transaction are entitled to receive a cash award equal to (i) any remaining unused portion of the NEO's allowance for the calendar year in which the change-in-control transaction occurs, plus (ii) an amount equal to 100% of the NEO's allowance for the calendar year in which the change-in-control transaction occurs. The annual allowance amount is \$25,000 for Mr. Lawson and is determined by Mr. Lawson (subject to increase or decrease by the Board or the Compensation Committee) for the other NEOs (not exceeding an annual amount of \$13,000 per participant, which is the amount determined for 2015). Under the Perquisite Allowance Plan, a change-in-control is defined as defined in the LTIP (as described above).

Summary Table

The following table summarizes the compensation that may become payable to the current NEOs upon a change-in-control, assuming the change-in-control occurred on December 31, 2015.

- (1) Represents the amount of any outstanding unvested shares held by such NEO pursuant to the LTIP (which, pursuant to the LTIP, vest upon the change-in-control), multiplied by \$50.07 (the closing price for the Company's Class A Common stock on December 31, 2015, the last trading day of its fiscal year 2015).
- (2) Represents the amount of any unvested LTI awards under the OIP subject to time-based vesting held by such NEO (which, pursuant to the LTI Program, vest upon the change-in-control), multiplied by \$50.07 (the closing price for the Company's Class A Common stock on December 31, 2015, the last trading day of its fiscal year 2015).
- (3) The portion of performance-based LTI awards under the OIP that will become fully vested upon a change-in-control is determined at the discretion of the Compensation Committee based upon actual performance through the date of the change-in-control or, if the Compensation Committee determines that measurement of actual performance cannot be reasonably assessed, the assumed achievement of target performance. Since the measurement of actual performance cannot be reasonably assessed until the end of the three-year performance period applicable to such grants, for purposes of this table, the value of performance-based LTI awards used is calculated based on the number of performance-based LTI shares that would vest if target performance is achieved, multiplied by \$50.07 (the closing price for the Company's Class A Common stock on December 31, 2015, the last trading day of its fiscal year 2015).
- (4) Represents a cash award in an amount equal to the value of the full-year LTI award that would have been made to such NEO in the ordinary course of business within the twelve-month period following the date of the change-in-control based on the participant's annual base pay in effect on the date of such change-in-control.
- (5) Represents a cash award in an amount equal to the value of the full-year STI award that such NEO would have been entitled to receive for such year had the target performance metrics established for 2015 been met.
- (6) Represents a cash award under the Perquisite Allowance Plan, assuming that such NEO's allowance for 2015 was entirely unused upon the occurrence of the change-in-control.

Proposal 2:

Ratification of Selection of Independent Registered Public Accounting Firm

Overview

Ernst & Young LLP currently serves as the Company's independent registered public accounting firm, and that firm conducted the audit of the Company's accounts for fiscal year 2015. The Audit Committee has selected Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2016, and the Board is asking the Company's stockholders to ratify that selection. Selection of the Company's independent registered public accounting firm is not required to be submitted to a vote of the stockholders of the Company for ratification. Although the Sarbanes-Oxley Act as well as the charter of the Audit Committee require the Audit Committee to engage, retain, and supervise the Company's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of Ernst & Young LLP for ratification by the Company's stockholders as a matter of good corporate practice.

If a majority of votes cast on this matter are not cast in favor of the selection of Ernst & Young LLP, the Audit Committee and the Board will reconsider the selection of such firm as the Company's independent registered public accounting firm. Even if the Company's stockholders vote on an advisory (non-binding) basis in favor of the selection, the Audit Committee may, in its discretion, direct the selection of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and the stockholders.

The Company expects that representatives of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement, and will be available to respond to appropriate questions.

Unless otherwise instructed, the proxy holders will vote proxies received by them "FOR" the proposal. The affirmative vote of a majority of the votes of the shares of Common stock represented at the Annual Meeting is required to approve the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2016.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Report of the Audit Committee

The Board has a separately designated standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to any governmental body or the public, the Company's systems of internal controls regarding finance, accounting, legal and regulatory compliance, and ethics that the Board and the Company's management have established, and the Company's auditing, accounting and financial reporting processes generally. The Audit Committee annually selects the Company's independent registered public accounting firm and evaluates the independence, qualifications, and performance of the Company's internal auditors and the independent registered public accounting firm. The Audit Committee establishes procedures for and oversees receipt, retention and treatment of complaints received by the Company regarding accounting, internal control or auditing matters and the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the Company's audited financial statements as of and for the year ended December 31, 2015, as well as the representations of management regarding the Company's internal control over financial reporting. The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluation

PROPOSAL 2

of the Company's internal controls, management's representations regarding internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm all items required by the standards of the Public Company Accounting Oversight Board ("PCAOB"), including the Statement on Auditing Standards, No. 61, as amended by American Institute of Certified Public Accountants, Professional Standards, Vol. 1, AU section 380, as adopted by the PCAOB in Rule 3200T, *Communication with Audit Committees*. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm its independence from the Company and its management.

The Audit Committee has relied on management representations that the financial statements have been prepared in accordance with GAAP in the United States of America and on the opinion of the independent registered public accounting firm included in their report to the Company's audited financial statements.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the SEC, and selected Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2016.

The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. All non-audit services must be approved by the Audit Committee.

Proposal 3:

Approve the Proposed Fifth Amended and Restated Bylaws of the Company to Adopt Majority Voting in the Election of Directors in Uncontested Elections and Related Resignation Procedures for Directors Failing to Receive the Requisite Majority Vote

The Company's Fourth Amended and Restated Bylaws (the "Existing Bylaws") currently provide for election of directors by a plurality of the votes cast by the holders of shares of capital stock entitled to vote (that is, a nominee who receives the most "FOR" votes for a board seat is elected, regardless of the number of votes "WITHHELD" with respect to such nominee).

This proposal would implement a majority voting standard, under which each director nominee in an uncontested election must receive more "FOR" votes than "AGAINST" votes to be elected. Conversely, a director nominee in an uncontested election who does not receive more "FOR" votes than "AGAINST" votes would not be elected. Votes withheld, abstentions and broker non-votes will continue to have no effect on the outcome of an election. In the event that an incumbent director does not receive the requisite majority of votes cast in an uncontested election, the Company would follow the post-election resignation procedure described below. In all contested director elections, in which a stockholder has duly nominated (and not withdrawn by a certain date) an individual for election to the Board, the plurality voting standard currently in effect would still apply.

Under the proposed post-election resignation procedure, any incumbent director who fails to receive the requisite number of votes for reelection in an uncontested election will be required to promptly tender his or her resignation to the Board. The Corporate Governance and Nominating Committee will then make a recommendation to the Board on whether to accept or reject the resignation, and the Board will make the ultimate decision as to whether to accept or reject the resignation by considering factors it deems relevant, such as the percentage of outstanding shares represented by the votes cast at the meeting, the director nominee's past and expected future contributions to the Company, the overall composition of the Board and committees of the Board, and whether accepting the tendered resignation would cause the Company to fail to meet any applicable rule or regulation (including New York Stock Exchange listing standards and the requirements of the federal securities laws). The Board will act on the resignation within 90 days following certification of the stockholder vote for the meeting and will promptly disclose its decision and rationale in a filing with the SEC or by other public announcement, which may include a posting on the Company's website.

Corporate Governance and Nominating Committee and Board Actions

On October 19, 2015, the Corporate Governance and Nominating Committee of the Board approved the commencement of a process to amend the Existing Bylaws to provide for majority voting for directors in uncontested elections, retain plurality voting in contested elections and apply the post-election resignation procedure described above when an incumbent director does not receive the requisite majority of votes cast.

On January 27, 2016, the Board considered and, subject to approval by the Company's stockholders, approved the proposed Fifth Amended and Restated Bylaws (the "Proposed Bylaws"), which amend the Existing Bylaws to provide for majority voting in the election of directors in uncontested elections and related post-election resignation procedures, with a plurality vote standard retained in contested elections. The Board also recommended the Proposed Bylaws to the Company's stockholders for approval and adoption.

After careful consideration and in light of current corporate governance trends, the Board determined it is in the best interests of the Company and the Company's stockholders to approve the Proposed Bylaws to provide for majority voting in uncontested director elections and a post-election resignation procedure to address nominees who fail to obtain the requisite vote. The Board believes the adoption of the proposed majority voting standard in uncontested director elections, and the resignation procedures, will give the Company's stockholders a greater voice in determining the composition of the Board and will enhance the accountability of each elected director to the Company's stockholders.

PROPOSAL 3:

Proposed Changes to Existing Bylaws

The proposed changes to the Existing Bylaws to implement the majority voting standard and post-election resignation procedures consist of the following:

- Section 1.9 (Required Votes for Stockholder Action) is amended to provide for majority voting in uncontested elections, with plurality voting retained in contested elections;
- Section 2.2 (Number, Qualification, Election and Term of Directors) is amended to remove the reference to the plurality vote standard;
- Section 2.9(a) (Resignation and Removal Procedures) is amended to clarify resignations are not always effective, without acceptance by the Board, if specified otherwise in the resignation;
- Section 2.11 (Vacancies) is amended to remove the reference to the plurality vote standard and to delete certain duplicative language; and
- Section 2.14 (Failed Director Election) is newly added to implement the post-election resignation procedure in the event an incumbent director fails to receive a majority of votes cast in an uncontested election.

The Board has carefully considered the proposed changes to the Existing Bylaws as described above and has approved the Proposed Bylaws, subject to approval by the Company's stockholders. Under Section 6.4 of the Existing Bylaws, only the Company's stockholders may amend or repeal Sections 2.4(d), 2.9(b), 2.9(c) and 2.11. Although the Board has the authority to effect the proposed changes to Sections 1.9, 2.2, 2.9(a) and 2.14 of the Existing Bylaws without stockholder approval, the Company is seeking the approval by the Company's stockholders of all of the proposed changes to the Existing Bylaws.

A copy of the Proposed Bylaws is attached to this Proxy Statement as Appendix B. The proposed changes to the Bylaws are reflected in the form of markings which indicate proposed deletions by striking through text that is proposed to be deleted (for example, "~~proposed deletion~~") and indicate proposed additions by underlining the text that is proposed to be added (for example, "proposed addition").

Vote Required

The Proposed Bylaws will become effective upon their approval by the Company's stockholders. Stockholder approval of the Proposed Bylaws requires the affirmative vote of the holders of a majority of the shares of Common stock outstanding as of the Record Date and present in person or by proxy at the Annual Meeting.

Before voting on this proposal, stockholders are encouraged to read and consider the proposal as described herein, as well as the Proposed Bylaws. If this proposal is adopted, the majority voting standard and related post-election resignation procedure will apply to all future uncontested elections of directors.

APPENDIX A

NON-GAAP FINANCIAL MEASURES

Adjusted EBIT, Adjusted Free Cash Flow and Adjusted Diluted Earnings (Loss) Per Share are supplemental measures of the Company's performance that are not required by, or presented in accordance with, GAAP. None of Adjusted EBIT, Adjusted Free Cash Flow and Adjusted Diluted Earnings (Loss) Per Share is a measurement of the Company's performance under GAAP and should not be considered as an alternative to net income (loss), Diluted Earnings (Loss) Per Share or any other financial measures derived in accordance with GAAP or as an alternative to cash provided by operating activities as a measure of liquidity.

As presented in this Proxy Statement, Adjusted EBIT is defined as earnings before interest and taxes as adjusted to exclude certain non-operating and/or non-recurring items which the Company believes are not reflective of operating performance. Adjusted Free Cash Flow is defined as cash provided by operating activities, less capital expenditures, as adjusted to exclude certain non-operating and/or non-recurring items and capital expenditures which the Company believes are not reflective of operating performance. Adjusted Diluted Earnings (Loss) Per Share is defined as diluted earnings (loss) per share as adjusted to exclude the impact of certain non-operating and/or non-recurring items which the Company believes are not reflective of operating performance.

The Company presents Adjusted EBIT, Adjusted Free Cash Flow and Adjusted Diluted Earnings (Loss) Per Share because it considers them important supplemental measures of the Company's performance and believes they are frequently used by securities analysts, investors and other interested parties in the evaluation of companies in our industry. The Company also used Adjusted EBIT to determine, in part, the compensation paid to the Company's NEOs under the STI Program (see "Executive Compensation — Compensation Discussion & Analysis — Analysis of 2015 Compensation — Short-Term Incentive Awards" on page 31). Since Adjusted EBIT, Adjusted Free Cash Flow and Adjusted Diluted Earnings (Loss) Per Share are not measures determined in accordance with GAAP and thus are susceptible to varying interpretations and calculations, these measures may not be comparable to similarly titled measures used by other companies.

APPENDIX B

**FOURTH~~FIFTH~~ AMENDED AND RESTATED
BYLAWS
OF SPIRIT AEROSYSTEMS HOLDINGS, INC.
(the “Corporation”)
adopted on April 22, ~~2015~~20, 2016**

1 MEETING OF STOCKHOLDERS.

1.1 Annual Meeting of Stockholders. An annual meeting of stockholders shall be held in each year on such date and at such time as may be set by the board of directors of the Corporation (the “*Board*”) (or by an officer of the Corporation authorized to do so by the Board) for the purpose of electing directors and the transaction of such other business as may properly come before the meeting.

1.2 Special Meetings of Stockholders. Special meetings of the stockholders for any purpose or purposes may be called at any time by the Board (or by an officer of the Corporation authorized to do so by the Board), the Chief Executive Officer or the Secretary. A special meeting of stockholders may also be called by the holders having a majority of the voting power of all of the Corporation’s outstanding class A common stock, \$0.01 par value per share (the “*Class A Common Stock*”) and class B common stock, \$0.01 par value per share (the “*Class B Common Stock*”), voting together as a single class. Such special meetings may not be called by any other person or persons.

At any time, upon written request of any person or persons entitled to call and who have duly called a special meeting, it shall be the duty of the Secretary to set the date of the meeting, if such date has not been set by the Board, on a day not more than 60 days after the receipt of the request, and to give due notice of such meeting to the stockholders of the Corporation. If the Secretary shall neglect or refuse to set the date of the meeting and give notice thereof, the person or persons calling the meeting may do so.

1.3 Place and Notice of Meetings of Stockholders. All meetings of stockholders shall be held at the principal office of the Corporation unless the Board (or an officer of the Corporation authorized to do so by the Board) shall decide otherwise, in which case such meetings may be held at such location within or without the State of Delaware as the Board may from time to time direct. Written notice of the place, day and hour of all meetings of stockholders and, in the case of a special meeting, of the general nature of the business to be transacted at the meeting, shall be given to each stockholder of record entitled to vote at the particular meeting either personally or by sending a copy of the notice through the mail or by overnight courier to the address of the stockholder appearing on the books of the Corporation or supplied by him to the Corporation for the purpose of notice or by any other means, including electronic means, permitted by law. Except as otherwise provided by the Bylaws, the Certificate of Incorporation or by law, such notice shall be given not less than 10 nor more than 60 days before the date of the meeting by the Chief Executive Officer, President or Secretary. If mailed, such notice shall be deemed to be given when deposited in the United States mail, postage prepared, directed to the stockholder at such stockholder’s address as it appears on the records of the Corporation. A waiver in writing of any written notice required to be given, signed by the person entitled to such notice, whether before or after the time stated, shall be deemed equivalent to the giving of such notice. Attendance of a person, either in person or by proxy, at any meeting shall constitute a waiver of notice of such meeting, except where a person attends a meeting for the express purpose of objecting to the transaction of any business because the meeting was not lawfully called or convened.

1.4 Nominations by Stockholders of Candidates for Election as Directors. In addition to the nomination by the Board of candidates for election to the Board as hereinafter provided, candidates may be nominated by any stockholder of the Corporation entitled to notice of, and to vote at, any meeting called for the election of directors and who complies with the notice procedures set forth in this Section 1.4. Subject to the last sentence of this section, nominations, other than those made by or on behalf of the Board, shall be made in writing and shall be received by the Secretary of the Corporation not later than (a) with respect to an election of directors to be held at an annual meeting of stockholders, 120 days prior to the anniversary date of the immediately preceding annual meeting, provided that, if the date of the annual meeting is more than 30 days before or after the anniversary date of the immediately preceding annual meeting, the stockholder nomination shall be received within 15 days after the public announcement by the Corporation of the date of the annual meeting, and (b), with respect to an election of directors to be held at a special meeting of stockholders, the close of business on the 15th day following the date on which notice of such meeting is first given to stockholders or public disclosure of the meeting is made, whichever is earlier. Such nomination shall contain the

following information to the extent known to the notifying stockholder: (i) the name, age, business address and residence address of each proposed nominee and of the notifying stockholder; (ii) the principal occupation of each proposed nominee; (iii) a representation that the notifying stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iv) the class and total number of shares of capital stock and other securities of the Corporation that are owned beneficially and of record by the notifying stockholder and by the proposed nominee and, if such securities are not owned solely and directly by the notifying stockholder or the proposed nominee, the manner of beneficial ownership (beneficial ownership has the same meaning as provided in Regulation 13D under the Securities Exchange Act of 1934, as from time to time in effect (and any successor regulation) (the “*Exchange Act*”)); (v) a description of all arrangements or understandings between the notifying stockholder or any of its affiliates or associates, and any others acting in concert with any of the foregoing, and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the notifying stockholder; (vi) such other information regarding such notifying stockholder and each nominee proposed by such stockholder as would be required to be included in a proxy statement filed with the Securities and Exchange Commission pursuant to Regulation 14A under the Exchange Act and the rules and regulations thereunder had the nominee been nominated, or intended to be nominated, by the Board; and (vii) the consent of each nominee to serve as a director of the Corporation if so elected. The Corporation may request any proposed nominee to furnish such other information as may reasonably be required by the Corporation to determine the qualifications of the proposed nominee to serve as a director of the Corporation. Within 15 days following the receipt by the Secretary of a stockholder notice of nomination pursuant hereto, the Corporate Governance and Nominating Committee shall instruct the Secretary of the Corporation to advise the notifying stockholder of any deficiencies in the notice as determined by the Board. The notifying stockholder shall cure such deficiencies within 15 days of receipt of such notice. No persons shall be eligible for election as a director of the Corporation unless nominated in accordance with the Bylaws. Nominations not made in accordance herewith may, in the discretion of the presiding officer at the meeting and with the advice of the Corporate Governance and Nominating Committee, be disregarded by the presiding officer and, upon his or her instructions, all votes cast for each such nominee may be disregarded. The determinations of the presiding officer at the meeting shall be conclusive and binding upon all stockholders of the Corporation for all purposes.

1.5 Advance Notice of Other Matters to be Presented by Stockholders. At any annual meeting or special meeting of stockholders, only such business as is properly brought before the meeting in accordance with this paragraph may be transacted. To be properly brought before any meeting, any proposed business must be either (a) specified in the notice of the meeting (or any supplement thereto) given by or at the direction of the Board, (b) otherwise properly brought before the meeting by or at the direction of the Board, or (c) if brought before the meeting by a stockholder, then (1) written notification of such proposed business (a “*Stockholder Notification*”) must have been received by the Secretary of the Corporation from a stockholder of record on the record date for the determination of stockholders entitled to vote at such meeting not later than (i), with respect to business to be proposed at an annual meeting of stockholders, 120 days prior to the anniversary date of the immediately preceding annual meeting (*provided*, that if the date of the annual meeting is more than 30 days before or after the anniversary date of the immediately preceding annual meeting, the Stockholder Notification must have been received within 15 days after the public announcement by the Corporation of the date of the annual meeting) and (ii) with respect to business to be proposed at a special meeting of stockholders, the close of business on the 15th day following the date on which notice of such meeting is first given to stockholders or public disclosure of the meeting is made, whichever is earlier. Such Stockholder Notification shall set forth (A) a brief description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend the bylaws of the Corporation, the language of the proposed amendment), the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (B) as to the stockholder giving notification, (i) the name and address of such stockholder and (ii) the class or series and total number of all shares of the Corporation that are owned beneficially and of record by such stockholder and, if such shares are not beneficially owned solely and directly by such stockholder, the beneficial owner(s) of such shares. Within 15 days following receipt by the Secretary of a Stockholder Notification pursuant hereto, the Corporation shall advise the stockholder of any deficiencies in the Stockholder Notification. The notifying stockholder may cure such deficiencies within 15 days after receipt of such advice, failing which the Stockholder Notification shall be deemed invalid.

1.6 Quorum for Stockholder Meetings. At any meeting of the stockholders, the presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes which all stockholders are entitled to vote upon a matter shall constitute a quorum for the transaction of business upon such matter, and the stockholders present at a duly organized meeting can continue to do business until adjournment, notwithstanding the withdrawal of enough stockholders to leave

less than a quorum. If a meeting cannot be organized because a quorum has not attended, those present may, except as otherwise provided by law, adjourn the meeting to such time and place as they may determine, but in the case of any meeting called for the election of directors, those who attend the second of such adjourned meetings, although less than a quorum, shall nevertheless constitute a quorum for the purpose of electing directors.

1.7 Voting. Except as otherwise provided in the Corporation's Certificate of Incorporation, each stockholder of record shall have, at every stockholders' meeting, one vote for every share standing in his or her name on the books of the Corporation. "*Certificate of Incorporation*" means the Certificate of Incorporation of the Corporation, as filed with the Secretary of State of the State of Delaware, as it may from time to time be amended and in effect in accordance with law, and shall include any certificate of designations determining the designation, voting rights, preferences, limitations and special rights of any shares of the Corporation which have been adopted by the Board as permitted by the certificate of incorporation and the law, as then in effect.

1.8 Proxies. Every stockholder entitled to vote at a meeting of stockholders may authorize another person or persons to act for such stockholder by proxy. A proxy may be submitted to the Secretary by a stockholder in writing, by telephone, electronically or any other means permitted by law.

1.9 Required Votes for Stockholder Action. ~~Except in respect of the election of directors (as to which a plurality of the votes of the shares entitled to vote on the election of a director and voted in favor thereof shall be required~~the requisite vote is outlined in the following paragraph), all questions submitted to the stockholders and all actions by the stockholders shall be decided by the affirmative vote of the stockholders present, in person or by proxy, entitled to cast at least a majority of the votes which all stockholders present are entitled to vote on the matter, at any meeting at which a quorum is present, unless otherwise provided by the Certificate of Incorporation, the Bylaws or by law. For purposes of this section, in the event that a holder of shares of a class or series which are entitled to vote on a matter is present in person or by proxy at a meeting but is not permitted by reason of a legal disability or by a contractual restriction or otherwise to vote the shares such holder holds on such matter, the shares held by such holder and not so permitted to be voted shall nevertheless be considered entitled to vote and present for purposes of determining the number of votes required for stockholder action.

Notwithstanding the foregoing provisions of this Section 1.9, a nominee for director of the Corporation shall only be elected if, at any meeting of the stockholders held for the election of directors at which a quorum is present, the votes cast for the nominee's election exceed the votes cast against the nominee's election; provided, however, that a plurality of all votes cast at a meeting of stockholders at which a quorum is present is sufficient to elect a nominee to the Board if, in connection with the meeting, (i) a stockholder has duly nominated an individual for election to the Board in accordance with the advance notice and other nomination procedures and requirements adopted by the Corporation from time to time and set forth in these Bylaws and (ii) the stockholder nomination has not been withdrawn on or prior to the date that is fourteen (14) days prior to the date on which the Corporation first mails its notice of meeting to the stockholders. Votes cast "for" and "against" a nominee shall exclude votes "withheld", "abstentions" and "broker non-votes" with respect to that nominee's election. If directors are to be elected by a plurality of the votes cast, stockholders shall not be permitted to vote against a nominee.

1.10 Ballots; Judges of Election. Elections for directors need not be by ballot but the Board or the presiding officer at a meeting of stockholders may direct the use of ballots for voting at the meeting. In advance of any meeting of stockholders, the Board may appoint judges of election who need not be stockholders to act at such meeting or any adjournment thereof, and if such appointment is not made, the presiding officer of any such meeting may, and on request of any stockholder or his proxy shall, make such appointment at the meeting. The number of judges shall be one or three and, if appointed at a meeting on request of one or more stockholders or their proxies, the majority of the shares present and entitled to vote shall determine whether one or three judges are to be appointed. No person who is a candidate for office shall act as a judge. In case any person appointed as judge fails to appear or fails or refuses to act, the vacancy may be filled by appointment made by the Board in advance of the convening of the meeting or at the meeting by the person or officer presiding at the meeting. On request of the presiding officer of the meeting or of any stockholder or his proxy, the judges shall make a report in writing of any challenge or question or matter determined by them and execute a certificate of any fact found by them.

1.11 Action by Consent Without a Meeting. To the fullest extent and in the manner permitted by law, any action required or permitted to be taken at a meeting of the stockholders or of a class or series of stockholders may be taken without a meeting of the stockholders or of such class or series of stockholders upon the consent in writing signed by such stockholders who would have been entitled to vote the minimum number of votes that would be necessary to authorize the action at a meeting at which all the stockholders entitled to vote thereon were present and voting. The consents shall be filed with the Secretary.

1.12 List of Stockholders Entitled to Vote. The officer who has charge of the stock ledger shall prepare and make, at least 10 days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting at least 10 days prior to the meeting during ordinary business hours at the principal place of business of the Corporation. A list of stockholders entitled to vote at the meeting shall be produced and kept at the time and place of the meeting during the whole time thereof and may be examined by any stockholder who is present. Except as otherwise provided by law, the stock ledger shall be the only evidence as to who are the stockholders entitled to examine the list of stockholders required by this Section 1.12 or to vote in person or by proxy at any meeting of stockholders.

2. BOARD OF DIRECTORS.

2.1 Authority of the Board of Directors. Except as otherwise provided by law and subject to the provisions of the Certificate of Incorporation and the Bylaws, all powers vested by law in the Corporation may be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, a Board that shall be constituted as provided by law, the Certificate of Incorporation and the Bylaws.

2.2 Number, Qualification, Election and Term of Directors. The business of the Corporation shall be managed by the Board, which shall consist of three or more directors and may be increased or decreased at any time and from time to time by the entire Board without amendment to the Bylaws; provided, that no reduction in the number of members shall end the term of office of any director earlier than such term of office would otherwise end. ~~Except as otherwise provided by statute or these Bylaws, directors shall be elected at each annual meeting of stockholders by a plurality of votes cast and~~ Each director, including a director elected to fill a vacancy, shall hold office until the next annual meeting of stockholders and until the election and qualification of their respective successors, subject to such director's earlier death or disability and subject to the provisions of Section 2.9 of these Bylaws. As used in these Bylaws, the term "entire Board" means the total number of directors which the Corporation would have if there were no vacancies on the Board.

2.3 Nomination of Directors. Only persons who are nominated in accordance with the provisions set forth in these Bylaws shall be eligible to be elected as directors at an annual or special meeting of stockholders. Nomination for election to the Board shall be made by the Board or Corporate Governance and the Nominating Committee of the Board. Nomination for election of any person to the Board may also be made by a stockholder as provided in Sections 1.4 and 1.5 of these Bylaws.

2.4 Quorum and Manner of Acting.

- (a) No action may be taken by the Board, or any committee thereof, in the absence of a quorum.
- (b) A majority of the Board shall be necessary to constitute a quorum. Where the Board is composed, in its entirety, of an even number of members and a quorum consists of all the members of the Board, then the Chairman of the Board shall have the authority to cast the deciding vote in case of a tie among the members.
- (c) Action of the Board shall be authorized by the vote of a majority of the directors present at the time of the vote if there is a quorum, unless otherwise provided by law or these Bylaws. In the absence of a quorum a majority of the directors present may adjourn any meeting from time to time until a quorum is present.
- (d) Notwithstanding anything to the contrary herein, the Board shall not be authorized to take any of the actions specified in Section 2.4(d)(i) or 2.4(d)(ii) below unless it shall have received, with respect to each such action, the prior approval of holders of a majority of the voting power of the outstanding common stock of the Corporation:
 - (i) any merger or consolidation which would require authorization by the Corporation's stockholders pursuant to Subchapter IX of the General Corporation Law of the State of Delaware (the "DGCL") as then in effect; or
 - (ii) any sale, lease or exchange of assets of the Corporation or any dissolution or winding up of the Corporation, which in any such case would require authorization by the Corporation's stockholders pursuant to Subchapter X of the DGCL as then in effect.

2.5 Annual Organizational Meeting of the Board. The Board shall hold an annual organizational meeting immediately following the annual meeting of the stockholders at the place thereof, without notice in addition to the notice of the annual meeting of stockholders, or at such other time as soon as practicable after such meeting as the Board shall determine and shall at the annual organizational meeting elect a Chief Executive Officer, a President, a Secretary and a Treasurer of the Corporation and such other officers of the Corporation as shall be provided by the Bylaws or determined by the Board to be appropriate, shall establish the standing committees of the Board provided by the Bylaws

and may take such other action as the Board determines to be appropriate. Officers of the Corporation and standing and other committees of the Board may also be elected at any other time by the Board.

2.6 Other Meetings of the Board. All meetings of the Board, other than the annual organizational meeting, shall be held at the principal office of the Corporation unless the Board (or the person or persons entitled to call and calling the meeting) shall decide otherwise, in which case such meetings may be held at such location within or without the State of Delaware as the Board (or the person or persons entitled to call and calling the meeting) may from time to time direct. Regular meetings of the Board shall be held at such time (and place) in accordance with such schedule as the Board shall have determined in advance and no further notice of regular meetings of the Board shall be required. The Non-Management Directors (i.e., directors who are not then serving as executive officers of the Corporation or any subsidiary) may meet in their discretion without any member of management present to consider the overall performance of management and the performance of the role of the Non-Management Directors in the governance of the Corporation; such meetings may be held in connection with a regularly scheduled meeting of the Board or as the Non-Management Directors shall otherwise determine. The Independent Directors shall meet without any other director from time to time as they determine is appropriate. Special meetings of the Board may be called by the Chairman of the Board (if any), a Vice Chairman of the Board, (if any) the President or by any two or more directors by giving written notice at least two business days in advance of the day and hour of the meeting to each director (unless it is determined by the president or the Chairman of the Board (if any) to be necessary to meet earlier, in which case no less than 24 hours written notice shall be given), either personally or by facsimile, or other means including electronic means permitted by law. Attendance at any meeting of the Board shall be a waiver of notice thereof, unless such lack of notice is protested at the outset of the meeting. If all the members of the Board are present at any meeting, no notice of the meeting shall be required. **“Independent Director”** means a director who meets the criteria of independence established by the standards for the listing of the Class A Common Stock of the Corporation on the New York Stock Exchange and the Exchange Act and the rules and regulations promulgated thereunder, in order for such director to be treated as independent under such listing standards.

2.7 Board or Committee Action Without a Meeting. Any action required or permitted to be taken by the Board or by any committee of the Board may be taken without a meeting if all of the members of the Board or of the committee consent in writing to the adoption of a resolution authorizing the action. The resolution and the written consents by the members of the Board or the committee shall be filed with the minutes of the proceeding of the Board or of the committee.

2.8 Participation in Board or Committee Meetings by Conference Telephone. Any or all members of the Board or of any committee of the Board may participate in a meeting of the Board or a committee thereof by means of a conference telephone or other communications equipment allowing all persons participating in the meeting to hear each other at the same time. Participation by such means shall constitute presence in person at the meeting.

2.9 Resignation and Removal of Directors.

(a) Any director may resign at any time by delivering his resignation in writing to the President or Secretary of the Corporation, to take effect at the time specified in the resignation. ~~The~~Unless otherwise specified therein, the acceptance of a resignation, unless required by its terms, shall not be necessary to make it effective.

(b) A director may only be removed by holders of a majority of the voting power of all of the outstanding Class A Common Stock and Class B Common Stock, voting together as a single class, which may remove any member of the Board for any reason permitted by the provisions of applicable state law or the Corporation’s Certificate of Incorporation or these Bylaws.

2.10 Chairman and Vice Chairman of the Board. The Board may, by resolution adopted by a majority of the entire Board, at any time designate one of its members as Chairman of the Board. The Chairman of the Board shall be a member of the Board. If present, the Chairman of the Board shall preside at each meeting of the Board or the stockholders, shall be responsible for the orderly conduct by the Board of its oversight of the business and affairs of the Corporation and its other duties as provided by law, the Certificate of Incorporation and these Bylaws and shall have such other authority and responsibility as the Board may designate. The Board may, by resolution adopted by a majority of the entire Board, at any time also designate one or more of its members as Vice Chairman of the Board. The Vice Chairman of the Board shall be a member of the Board. A Vice Chairman of the Board shall assist the Chairman of the Board in the conduct of his or her duties, including by presiding at meetings of the Board in the absence of the Chairman of the Board, and shall have such other authority and responsibility as the Board may designate. A Chairman or Vice Chairman of the Board shall not be considered an officer of the Corporation unless otherwise provided by the Board. The position of Chairman of the Board shall not be held by the then current Chief Executive Officer of the Corporation.

2.11 Vacancies. In the event of any vacancy on the Board, however occurring (including any vacancy created by an increase in the size of the Board), such vacancy shall be filled promptly by the affirmative vote of a majority of directors then in office or a remaining sole director or in accordance with Section 1.9 of these Bylaws, the stockholders of the Corporation. ~~Vacancies on the Board (including any vacancy created by an increase in the size of the Board) may be filled by the affirmative vote of a majority of directors then in office or by a remaining sole director. If there are no directors in office, then an election of directors may be held in the manner provided by statute by a plurality of the votes cast by the holders of shares of capital stock entitled to vote at a special meeting of stockholders called for that purpose.~~

2.12 Compensation. Directors and members of the committees of the Board shall receive such compensation as the Board determines, together with reimbursement of their reasonable expenses in connection with the performance of their duties, all as permitted by law. A director may also be paid for serving the Corporation, its affiliates or subsidiaries in other capacities.

2.13 Indemnification and Advancement of Defense Costs for Directors and Officers.

(a) Right to Indemnification.

Each person who was or is a party or is threatened to be made a party to or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (“*Proceeding*”), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Corporation or, as a director or officer of the Corporation, is or was serving at the written request of the Corporation’s Board of Directors or its designee as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such Proceeding is alleged action in an official capacity as a director, officer, trustee, employee or agent or in any other capacity, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by law, including but not limited to the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said Law permitted the Corporation to provide prior to such amendment), against all expenses, liability and loss (including attorney’s fees, judgments, fines, ERISA excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person in connection therewith; provided, however, that the Corporation shall indemnify any such person seeking indemnity in connection with an action, suit or proceeding (or part thereof) initiated by such person only if such action, suit or proceeding (or part thereof) initiated by such person was authorized by the board of directors of the Corporation. Such right shall include the right to be paid by the Corporation expenses, including attorney’s fees, incurred in defending any such Proceeding in advance of its final disposition; provided, however, that the payment of such expenses in advance of the final disposition of such Proceeding shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such director or officer, in which such director or officer agrees to repay all amounts so advanced if it should be ultimately determined by a court or other tribunal that such person is not entitled to be indemnified under this Section or otherwise.

(b) Right of Claimant to Bring Suit.

(i) If a claim under paragraph (a) is not paid in full by the Corporation within thirty days after a written claim therefor has been received by the Corporation, the claimant may any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. In any such action, the burden of proof shall be on the Corporation to prove the claimant is not entitled to such payment.

(ii) Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its shareholders) to have made a determination prior to the commencement of such action that the claimant is entitled to indemnification or advancement under the circumstances, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its shareholders) that the claimant is not entitled to indemnification or advancement, shall be a defense to the action or create a presumption that the claimant is not entitled to indemnification or advancement.

(c) Contractual Rights; Applicability.

The right to be indemnified or to the reimbursement or advancement of expenses pursuant hereto (i) is a contract right based upon good and valuable consideration, pursuant to which the person entitled thereto may bring suit as if the provisions hereof were set forth in a separate written contract between the Corporation and the director or officer, (ii) is intended to be retroactive and shall be available with respect to events occurring prior to the adoption hereof, and (iii) shall continue to exist after the rescission or restrictive modification hereof with respect to events occurring prior thereto.

(d) Requested Service.

Any director or officer of the Corporation serving, in any capacity, and any other person serving as director or officer of, (i) another organization of which a majority of the outstanding voting securities representing the present right to vote for the election of its directors or equivalent executives is owned directly or indirectly by the Corporation, or (ii) any employee benefit plan of the Corporation or of any organization referred to in clause (i), shall be deemed to be doing so at the written request of the Corporation's Board of Directors.

(e) Non-Exclusivity of Rights.

The rights conferred on any person by paragraphs (a) through (d) above shall not be exclusive of and shall be in addition to any other right which such person may have or may hereafter acquire under any statute, provision of the Certificate of Incorporation, Code of Regulations, bylaws, agreement, vote of shareholders or disinterested directors or otherwise.

(f) Insurance.

The Corporation may maintain insurance, at its expense, to protect itself and any such director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law.

2.14 Failed Director Election. Any director who fails to receive the requisite number of votes for reelection shall be required to promptly tender his or her resignation to the Board. The corporate governance and nominating committee of the Board shall make a recommendation to the Board on whether to accept or reject the offer of resignation, or whether other action should be taken. In reaching its decision, the Board will consider the corporate governance and nominating committee's recommendation and may consider any other factors it deems relevant, which may include the director's qualifications, the director's past and expected future contributions to the Corporation, the overall composition of the Board and committees of the Board, whether accepting the tendered resignation would cause the Corporation to fail to meet any applicable rule or regulation (including the New York Stock Exchange listing standards and the requirements of the federal securities laws) and the percentage of outstanding shares represented by the votes cast at the meeting. The director who tenders his or her offer of resignation shall not participate in the corporate governance and nominating committee's recommendation or the Board's decision. The Board will act on the resignation within 90 days following certification of the stockholder vote for the meeting and will promptly disclose its decision and rationale as to whether to accept the resignation (or the reasons for rejecting the resignation, if applicable) in a press release, in a filing with the Securities and Exchange Commission or by other public announcement, which may include a posting on the Corporation's website.

3. COMMITTEES.

3.1 Committees of the Board. The Board may, by resolution adopted by a majority of the entire Board, at any time designate one or more committees, each committee to consist of one or more of the directors of the Corporation, except as otherwise provided by the Bylaws. In the absence or disqualification of any member of a committee, the member or members present at a meeting of the committee and not disqualified, whether or not a quorum, may unanimously appoint another director to act at the meeting in place of the absent or disqualified member. Any such committee, to the extent provided in such resolution, shall have and may exercise any or all of the authority and responsibility of the Board in the management of the business and affairs of the Corporation, except as otherwise provided by law, the Certificate of Incorporation or the Bylaws. Except as otherwise provided by the Certificate of Incorporation, the Bylaws or action of the Board, with respect to all standing committees of the Board, including the Audit Committee, a majority of each such committee shall be necessary to constitute a quorum. Each committee shall keep a record of its actions and all material actions taken by a committee on behalf of the Board shall be reported to the full Board periodically. In all other respects, the Board may, by resolution adopted by a majority of the entire Board, establish rules of procedure for a committee, including designating a member of a committee as its chair, and a committee shall meet as provided by those rules or by resolutions of the Board. In the absence of such rules each committee shall conduct its business in the same manner as the Board conducts its business pursuant to Article II. In the absence of the designation by the Board of the chairman of a committee or the adoption by the Board of rules of procedure for a committee, the committee may adopt its own rules of procedure and elect its chair. In the event any or all of the members of any committee are required to be independent under any then applicable listing standards to which the Company is subject or any other legal requirement, for the performance of some, but not all, of the duties of such committee, the Board may establish a separate committee for the performance of only those duties the performance of which requires such independent directors.

The Board shall approve a charter describing the purposes, functions and responsibilities of each standing committee of the Board. Each standing committee of the Board shall prepare and recommend to the Board for its approval the committee's charter. Each standing committee of the Board shall have the authority and responsibility provided by its Board-approved charter, subject to further action by the Board, and no further authorization of the Board shall be necessary for actions by a committee within the scope of its charter. 4.6 The Treasurer. The Treasurer (who may be the same as or different from the chief financial officer) shall have supervision and custody of all funds and securities of the Corporation and keep or cause to be kept accurate accounts of all money received or payments made by the Corporation, and shall have such other authority and responsibility as provided by the Bylaws or as the Board may designate and, subject to the direction of the Chief Financial Officer (if different) and the Board, the authority and responsibility customary to such office.

5.2 Transfers of Record. The shares of the Corporation shall, upon the surrender and cancellation of the certificate or certificates representing the same, be transferred upon the books of the Corporation at the request of the holder thereof, named in the surrendered certificate or certificates, in person or by his legal representatives or by his attorney duly authorized by written power of attorney filed with the Corporation or its transfer agent.
